

On This Side Of The Sun

By Phat

Must look into the psychology of a new typewriter ribbon. Everytime I'm stymied for ideas, a nice, new, black ribbon uncorks the bottle-neck. Of course, when that happens two or more weeks in a row, it's rather expensive. . . . It might be the colossal wrath which goes with changing the ribbon that does the trick.

THE VILLAGE—The Village is full of celebrities. Gregory Ratoff will remember his vacation—his big, expensive car was purloined from a parking spot on Indian avenue. . . . Hoagy Carmichael will also have a souvenir of Palm Springs. His auto figured in a collision south of town. Look for a new song entitled "I Don't Like to Meet You Like This." . . . Charles Wakefield Cadman is in town, too. Guest of Robert Callahan, author, who seems to know them all. A little while ago Bill Farnum was Callahan's guest. Farnum, by the way, plans to return. Has an idea for a "Little Theater" movement here.

VISITORS—Also in town this week was Charley Barnett, band leader. One of my favorite records is his "Cherokee." . . . The Jack Bennys have taken a house here for the month. . . . "Doc" Waughop has a neat exhibition on display in the Chamber of Commerce window. He took individual photographs of Bob Bennett's Burro train and mounted them on three-ply, then cut them out and fitted them into bases. . . . Walter Kofeldt, Chamber secretary, averages one brain-storm per day. His latest, yesterday, occurred when he saw Larry Schultz, formerly of Desmonds, visiting here for the day. Kofeldt sold Schultz on the idea of using desert flowers in their artificial flowers for hair-decorations.

FAN MAIL—"There's one thing wrong with Palm Springs and the Better Palm Springs committee can't do a thing about it," writes N.M. "That concerns the motorists here. They are the most impolite of any in the country." . . . "We also like Phat and Guy Lombardo" pens Sara Gaubatz, formerly of the Village in a postscript to a letter to The Sun. Thanks. . . . From another: "What's the matter? Aren't you reading the Readers Digest these days? You haven't cribbed a gag from them in weeks." Rather mean, I'd say.

THIS AND THAT—It was Palm Springs and it was wet. But the cause, Canada Dry. A truck bearing the product of that concern tried to go under the arch of the Palm Springs hotel last Friday. If he'd had one less layer of cases it would have been o. k. But the top of the arch caught the top layer and shoved the back cases on to the walk. There was ginger ale and soda all over the walk, also glass, but none of the item that serves as a base for these beverages. . . .

MUSIC—Ran into a rare treat last Saturday. A lot of you remember Chris Schonberg. He was here at the Colonial House a few years ago where his piano playing delighted throngs. He's the composer of "Whispering," "Darling," and a lot of other good old time numbers which are still on the air. He dropped in at a friend's house and played a lot of his numbers, also the new ones. Chris opened the Coconut Grove at the Ambassador in 1920 and in his band were Harry Owens, Henry Bussey, Glenn Miller, Phil Harris and a lot of others who now have their own name bands. The Coconut Grove plans a silver jubilee this year and Schonberg has been asked to be guest of honor. Five of the ten men in his original band are gone although there is still hope that Glenn Miller is alive some place, despite the fact his plane was shot down. Was a great thrill to hear Chris play "Tuberculosis Rag". Any of you remember that one?

ODDS AND ENDS—Seems when I missed the Hit Parade two weeks ago I missed an hour of triumph. "My Dreams Are Getting Better Every Day" was number one. I said that when it made the top spot, I was going to mention Mrs. Bill Lippman's name although she threatened dire things if I did. Away back last fall she said that that number would be No. 1. . . . By the way, Mrs. Lippman said this week she didn't care how many times I mentioned her name if I'd use it in connection with the production room of the local Red Cross. "We need more workers and need them now," she said. "The demand for surgical dressings is increasing daily since so many boys are now being returned from the battle fronts to Torney. Please tell women to come to the Red Cross headquarters and offer their help. It's a mighty important task—and a patriotic one, too."

Report Tells Vast Work Of Chamber 2500 Join In Service On Hillside

Past Year Most Active, President Feekings Reports

Fourteen directors were elected, a comprehensive and highly satisfactory report of the year's activities was read and an excellent address presented by Earl J. Smith at the annual meeting of the Chamber of Commerce, Tuesday night at the city council chambers, in the El Paseo building.

Nine of the retiring directors were re-elected and five new names appear on the roster of the board as result of the election.

ELECTED TUESDAY

Re-elected were J. R. Ballard, Philip L. Boyd, Earl Coffman, Francis F. Crocker, Harold Hicks, Fred G. Ingram, Cecil Isenagel, Carl G. Lykken and Robert Ransom. New directors are Florian Boyd, Ruth Hardy, W. R. Hillery, Kenneth Kirk and James Shea.

Hold-over directors, who with those elected, Tuesday night, will comprise the coming year's directorate, are: Dr. Frank A. Purcell, Merrill Crockett, Earl Strebe, Joseph Butler, Frank W. Cutler, John DeVine, Gordon Feekings, Herbert Samson, Mayor E. E. Therieau, Phil Delano, Stanley Rosin, George Thompson, Wilberta Lipps and Clarence Hyde.

EXCELLENT ENTERTAINMENT

While the throng was gathering and after the talks while awaiting the result of the election, excellent music was provided by the Rosarito trio, furnished through courtesy of the Chi Chi where they are to be heard nightly. Bob Merrill, a sailor back from 31 months duty in both Pacific and Atlantic waters, entertained the throng while the ballots were being counted.

Following the entertainment program, President Gordon Feekings opened the meeting, introducing several prominent persons in the audience.

SHOW NEED FOR DRIVE

The treasurer's report for the year was presented by Fred G. Ingram and, to emphasize the need for the current Better Palm Springs program, showed a deficit of around \$13.

Robert Ransom, chairman of the chamber's finance committee and Past President Carl G. Lykken spoke briefly on the Better

Village Sunrise Service Broadcast By Blue Network

Two thousand, five hundred persons gathered on the hillside early Sunday morning to worship as the Easter sun dawned and to listen to the glorious music and inspiring sermon heralding that symbol of hope.

The large and reverent throng heard the triumphant trumpets greet the dawn, the exceptional music directed by Mrs. Holly Lash Visel and presented by an all-Village choir, the solo by Prof. Alexander Hammond, the reading by Bill Hay and the address by Dr. John R. Macartney, just as an hour previous, people all over the nation, heard the same program broadcast over NBC's Blue Network.

TWO SERVICES

There were two services last Sunday morning. The first, at 5:30 a. m., went out via the Blue

Dr. J. R. Macartney reported this week that his desk was stacked with letters and telegrams congratulating the Community church and Palm Springs on the fine Easter dawn service. The messages came from all parts of the nation.

So well pleased was the Blue Network with the reception of the program that they asked permission to broadcast it again next year.

Network all over the nation. With the addition of the traditional release of the white birds, the second program at 6:30 from the hillside, was identical.

On the hillside, the trumpeters from the 21st Ferrying Group, ATC, air base and Torney General hospital greeted the rising sun following which the white doves, brought here by Howard Ames and Winifred Lines from Los Angeles, Ontario, Fontana, Redlands, Coachella and San Diego, were released.

NOTEWORTHY MUSIC

The invocation was by Chaplain T. C. Northrup from the army air base. Bill Hay read Van Dyke's "God of the Open Air" and following Dr. Macartney's sermon, the benediction was pronounced by Major Sam Levin of

Why People Come to Palm Springs

Village Termed Greatest Mixing Bowl of Climate Anywhere in the World

Why do people come to Palm Springs?

Because it's the greatest mixing bowl in the world. That doesn't mean salads, people or anything like that. It means that Palm Springs is situated in the heart of the greatest climatic mixing bowl—where cool mountain air and warm desert air are constantly mixing to provide a most healthful and delightful combination.

The Village nestles at the foot of the tallest mountain in the world. Not the highest mountain by any means—San Jacinto is only 10,800-odd feet at the peak, but it rises from a 450-foot level at a 62-degree angle. There are many higher mountains but none taller. Mt. Whitney, for instance, thrusts its peak higher into the air but it starts from an 8,000 foot level.

UNIQUE SITUATION

Here in Palm Springs, the rise is from 450 feet to more than two miles in an abrupt climb. Warm air goes up, cold air comes down. Therefore, in the Village there's a constant mixture.

So that is why people come here and that is one thing Palm

(Please Turn to Page 8)

MIXING BOWL—The diagram, loaned by Harry Fishbeck, graphically reveals why the Village climate is healthful and zesty—it's the mixture of desert and mountain air, constantly going on.

SINGERS—The largest choir ever assembled in Palm Springs—that which heralded Easter Dawn last Sunday and whose voices went out over the nation via a national hook-up. Identification of singers may be found on Page 5.

Directors of Hospital Plan Speedy Action

Election of a board of directors and awards of prizes to organizations for obtaining the greatest number of subscriptions in excess of their quota, occupied members of the Palm Springs Community Hospital committee, in session yesterday afternoon at Frances S. Stevens school.

At the same time it was announced that the total hospital fund was now in excess of \$180,000 with favorable prospects that the \$200,000 mark would be reached soon. As \$150,000 had been set to construct and equip the hospital, its early building was assured.

TO MEET APRIL 19

The newly elected board will start the second year of the Community Hospital association on April 19 when it will meet to elect a president and other executive officers and to appoint a building committee.

President Florian Boyd said yesterday that the building committee will get started at once on obtaining priorities and laying plans for immediate start of construction.

"But there will be no 'ersatz' (Please Turn to Page 4)

Big Names Mark Week at Village Police Station

Big names figured at the police station this week.

Gregory Ratoff, noted film figure, reported his automobile stolen from its parking place on North Indian avenue, Monday night.

Tuesday night, Al Epstein, prominent winter resident, from Chicago, reported his car stolen from almost the identical spot.

Also, in the basket of reports was one signed by that famous song writer, Hoagy Carmichael, describing a minor auto accident involving his car.

Loan or Gift of Baby Crib Asked

Wanted—a baby's crib. Red Cross headquarters at 107 North Palm Canyon drive, and the Welfare and Friendly Aid association offices at the Health Center, today united in an appeal for the donation or loan of a baby crib for a soldier's wife.

Anyone who wants to help may call either of the two places and leave their names.

Better Palm Springs Campaign at Quarter Mark; Climax Saturday

General Manager Carl G. Lykken of the Better Palm Springs campaign said today that although only one-fourth the quota was in with the drive half over, he was not discouraged and expressed his belief that Palm Springs would come through, as usual, in its program to set aside a fund of \$25,000, half of which is to go to immediate betterments along a 13-point program recently promulgated, and the other half to be placed in War Bonds for postwar needs.

At a meeting at the Fiesta House on the Desert Inn grounds yesterday, report from various groups showed approximately \$6,000 of the \$25,000 fund raised.

MUST WORK FASTER

"It's a short drive and that means that everyone involved is going to have to work faster. It isn't a question of being turned down—on the contrary all those contacted want to aid—it's just a question of seeing everyone," he said.

Earl J. Smith, counsellor for the Chamber of Commerce in its Better Palm Springs program, while warning against over-confidence which might cause some workers to procrastinate, said he still was confident the drive would be reached.

WANT PROGRAM

"Palm Springs is interested and wants the program," he said. "Tomorrow's climax to Better Palm Springs week will undoubtedly see a vast improvement in the (Please Turn to Page 8)

War Tragedy Again Strikes Local Family

Mrs. Pete Nila, whose husband, Sgt. Pete Nila, was killed in action on Dec. 20 in the Mediterranean area, this week received word that her brother, Pvt. Thomas R. Villa, former Village boy and a graduate of the local schools, had been killed just two months later—on Feb. 20—in the fighting on Corregidor.

Pvt. Villa volunteered in July, 1944, going to Camp Roberts and from there to Fort Ord. From Fort Ord he was sent to the Philippines.

He is survived by Jennie Villa, his wife, who is now with her sister-in-law, Mrs. Nila, here, and by three children, Dora, 9, Mary Helen, 6, and Toby, 3. The family home is now in Colton.

Ordinance Upping Fees Introduced

Need for More Revenue to Meet City Costs Told

Upward revision of business license fees in Palm Springs, affecting every present licensee, is provided in a ten-page ordinance introduced at Wednesday's meeting of the city council. The measure covers 126 different classifica-

(City Manager Ray Sorum's statement in full on the need for more revenue may be found on page 8, columns 1-2.)

tions and provides a minimum fee of \$25, double the old minimum.

Action of council followed similar action by other cities in the state faced with increased expenditures and dwindling revenue.

LOOK TO FUTURE

Funds for current activities and the establishment of a reserve fund for postwar needs is contemplated under the ordinance which amends previous business license measures, Ordinances No. 119, No. 146 and No. 149.

In a separate report, not given in conjunction with the revised fee ordinance, City Manager Ray Sorum had called attention of councilmen of the need for additional revenue for the city.

SATURATION POINT

The city manager pointed out that tax experts have agreed that the ad valorem tax method of raising revenue had reached the point of saturation and that local governments were turning to other means.

He called attention to the fact that while war conditions had prevented much needed improvements and restoration work, the city had not been able to build up a reserve and might not have been able to do the needed work even if conditions permitted.

REVENUE DOWN

While costs of city governments had increased steadily due to many factors, revenue had dwindled due to the acquisition of land by the city and the federal government.

Mr. Sorum listed improvements which the city must undertake as soon as possible and urged councilmen to give every consideration to the study of ways to obtain additional revenue for city needs.

Last Minute Spurt Puts Red Cross Drive Over Quota by Large Margin

Palm Springs did it again.

Apparently hopelessly lagging a week before in the annual Red Cross War Fund campaign, Villagers staged a last lap drive which carried it 26 percent over its goal.

Palm Springs had been asked by the National Red Cross to raise \$26,910 to aid in the greatly expanded war work.

\$7,440 OVER TOP

Carl Haymond, chairman of the local campaign, reported Saturday that total subscriptions as of that date, were \$34,350, \$7,440 over the top.

One week before the close of the drive, the total was \$9,000 short of the goal.

Mr. Haymond said this week that the Palm Springs total will exceed the reported figure when all reports, some of which are not yet in, are made.

Chairman Haymond paid high tribute to the activities of the various committees and to their

chairmen—Frank Cutler, advanced gifts; Kenneth DuBose and Gordon Feekings, business and merchants; John Chaffey, hotels and apartments; Judge Guy Pinney, city employees; Earl Strebe, theaters; Mrs. James Whitehorn, publicity; Mrs. Walter Melrose, Cathedral City; Mrs. Moiser, Desert Hot Springs; Mrs. A. D. Craft, Rancho Mirage.

The tables in front of the bank and at the postoffice were in charge of the Gray Ladies, Nurses' Aides, staff assistants and motor corps. Mr. Haymond was also deeply grateful to the many workers who gave of their time as well as money, under the

Major Smith Talks On CAP Activity at Riverside Session

Major Earl J. Smith of the Civil Air Patrol, who came here to aid the Community Hospital drive and remained to put over the Chamber of Commerce Better Palm Springs campaign—in between times starting the Palm Springs squadron of the CAP on its way—was the chief speaker at a meeting of the Riverside chamber of commerce at its Town Hall meeting there.

Major Smith spoke on the work the CAP is doing and described its operations. He is Wing commander of the Michigan CAP.

DESCRIBES WORK
He told his audience that CAP units of from 100 to 200 boys and girls between the ages of 15 and 18 in cities and towns of America are preparing to keep this nation supreme in the air.

"Aviation is bound to revitalize American industry," he said, declaring that in the postwar era products of the southland will be flown to the east coast and be available there the next day.

NOT EXPENSIVE
"There's nothing expensive about aviation," said Major Smith. All an airplane needs is a spot to take off and a spot to land. Nature is the roadbed and the air is solid enough to keep a plane up."

Other speakers reported 4000 cadets enrolled in air patrol work in the state and that 10,000 are expected.
A Palm Springs squadron of the CAP was recently organized by Major Smith and Ed Stephens and is meeting weekly.

**Potatoes Dehydrated
For Army Sulphited**
Beginning July 1, 1945, potatoes dehydrated for Army needs must be sulphited, a process by which the color, general qualities and storage life of the potato are improved, it was learned today at Ninth Service Command headquarters.

MUSEUM NOTES

By T. D. A. Cockerell

On Saturday evening, April 7, the subject of the program at the Museum in the east wing of the Library building, is: "Wild Animal Pets", and Dr. Grace Line will tell us about her pet frog, pet ringtails, pet humming bird, and pet horned toad.

This talk will be illustrated by motion pictures taken by Mr. Line. Also, there will be motion pictures of "Peter, the Dog That Pleased a Princess", "Wild Animal Pets", and "Raccoons, Cousins of the Ringtail." The program begins at 7:30. The Museum is open on program evenings at 7 o'clock.

On Wednesday evening, April 11, the subject of the program is: "The Sunflower Family", and Prof. Cockerell will discuss some of the flowers of the desert that belong to this family. Colored pictures of many of these flowers will be shown. Preceding the talk some Finley pictures will be shown: "Ramparts of the North", and "Getting Our Goat".

On Saturday morning, April 7, Mr. Winfield H. Line will conduct a field trip to Tahquitz Canyon. The party will leave the Museum at 10 a. m. and return about one o'clock. Hikers are advised to wear sturdy shoes and carry a lunch. This outing is open, without charge, to anyone interested in exploring this region.

The last week in March will be remembered as having the greatest number of visitors of any week in the history of the Museum, lacking a scant half dozen of one thousand.

VOLUNTEER SERVICES

The week has also been memorable for the services rendered by volunteer workers. Mrs. Marie Barker has brought many flowers to be exhibited. Mr. Winfield H. Line has helped us with the evening programs and with the field trips. Mr. Fred Corts has mended chairs for us, and, since every chair counts, this service has been much appreciated. Mrs. Robert Haynes has helped as hostess, arranging flowers, and tidying up, a great help these days when money cannot buy such assistance.

The Sunflower Family: Mr. C. M. Goethe, of Sacramento, in his book, "Sierran Cabin from Sky-scraper", shows a picture of a sunflower, and comments as follows: "If each man who voted to destroy Woodrow Wilson's League of Nations could have had, that day, on his desk a sunflower—had understood the sunflower tribe had gained pre-eminence through co-operation—humanity might have been spared World War II, perhaps ten millions of lives, hundred billions of treasure. For the sunflower is a floral League of Nations. Its individuals have learned to live together—even to subdivide the work necessary for survival through production by having ray, or "publicity" flowers, to attract insects, also disk or seed-making flowers." That is to say, what we call a sunflower is a bunch of flowers, and the same thing is true of all the members of the very large and successful family, Compositae. Mr. Goethe, on another page, pictures a wild sunflower, by the side of one of the heads of the giant so-called Russian sunflower, cultivated for its seed, and comments on the results of human selection.

MANY NEAR VILLAGE

There are in the vicinity of Palm Springs, very many sorts of Compositae. The most common and conspicuous is the orange-flowered *Encelia farinosa*, called *farinosa* or mealy because of the pale leaves. This character distinguishes it from the coast *Encelia*, and in fact those plants indicate at once whether we are in the coast belt or the desert. In the case of the sunflowers, a pale-rayed variation was found, which proved of great horticultural value, because by crossing it with the red sunflower, the beautiful wine-red sunflower was developed in the second generation. Last week, Mrs. Barker found a parallel variation of the *Encelia*, with similarly pale rays. If such plants were crossed together they would come true, the pale color being doubtless recessive.

**Frank Cutler Adds
Color to City Hall**

The city hall offices abounded in color this week with beautiful bouquets from the gardens of Mr. and Mrs. Frank W. Cutler, 348 Merito place, furnishing the brightness.

Mr. Cutler brought the bouquets to the city hall Tuesday and they attracted much attention.

More than a million discharged veterans of the Army, Navy, Marine Corps and Coast Guard, have been issued the Honorable Service Button, Ninth Service Command headquarters announced today.

Decorations Given More Officers and Men at Air Base

Additional decorations for outstanding military service have been given to men stationed at the 21st Ferrying Group base in Palm Springs during the past two weeks. Presentations are made by the commanding officer, Lt. Col. Robert J. Goewey, at formal review ceremonies Friday afternoon at the base.

Capt. Frank V. Sances, pilot now stationed here, was given the Distinguished Unit Badge last Friday in recognition of services with the Air Forces overseas.

Other War Department decorations which Colonel Goewey has made were as follows:
Receiving the Oak Leaf Cluster to the Air Medal were: 2nd Lt. Jack Minnock, Capt. William D. McReynolds, Capt. Jules G. Fravil, and Capt. Douglas T. Nelson. These men were cited for "meritorious achievement in participating in more than 450 hours of operational flight in transport aircraft over the dangerous and difficult Assam-China air routes, where enemy interception and attack were probable and expected."

At the same time, 1st Lt. Martin R. Neel was awarded the Presidential Unit Citation for combat participation in a successful four and one-half hour assault against enemy aircraft factories.

Air Base Artists Win Recognition in Area Contest

Two entries of the 21st Ferrying Group in the 9th Service Command arts contest for military personnel have been given recognition. These entries will be a part of the 475 paintings and drawings to be exhibited and judged for national awards at the National Gallery in Washington, D. C.

S/Sgt. Leonard Besser and Pvt. Ruth Groth, members of the Army Air Base, were advised of the honor this week when the finals of the Ninth Service Command contest were announced. Their work is on display along with 180 other entries in the San Francisco Museum of Art.

While the local artists did not place among the first eight in the Command contest, they have the opportunity of coming in for top honors when their entries are judged at the national contest at Washington.

**Mrs. Ethel Grimm
Guest in Village**
Mrs. Ethel Grimm is a guest at the home of Mr. and Mrs. James Whitehorn, Tamarisk road. She is Mr. Whitehorn's sister.

Mrs. Grimm has been affiliated with Forest Lawn Memorial Park at Glendale as advisor for the past twenty years.

Taxes for Jobs Global Gab Topic

The kind of taxation needed to provide the 60,000,000 jobs estimated to be needed after the war was the topic when the Global Gab met Tuesday night at the Fiesta House. Sgt. Freeman Homer was the speaker and Cpl. Irving Schweiger, chairman.

Shift of population to the west and the problems arising therefrom, will be the topic of next week's Global Gab discussion at the Fiesta House, with Mrs. Helen Miller as speaker and Mrs. Lena Nolan, chairman.

Charles Cadman, Noted Composer, Guest in Village

Charles Wakefield Cadman, noted composer of "The Land of the Sky Blue Water," "At Dawning" and numerous other all-time songs, is in Palm Springs for a rest and to get rid of a cold. At the same time he is going over the manuscript of a new symphony.

He is visiting Robert Callahan, noted writer, whose historical novel on Coachella Valley will be in the book stores soon.

They are at the Apache Lodge.

Don't Give Blindly Warning of Sheriff

Don't give heedlessly to any solicitor for a charity fund, no matter how worthy it seems, unless you know he's bona fide—and don't buy recklessly when a solicitor appears at the door claiming his product has been endorsed by high officials unless you are sure.

That was the warning issued this week by Sheriff Carl Rayburn who has been investigating complaints that fraudulent solicitors are operating in the county area.

Cahuilla School PTA Planning for Special Program

Mrs. Arthur E. Bailey, chairman of the Cahuilla section of the Palm Springs Parent-Teachers association, has planned an interesting meeting for that group next Tuesday afternoon at 3:00 o'clock and all parents and friends are invited to attend. A special program is being arranged by the principal, Mrs. Alma Gilbert, to be staged by pupils of the sixth grade.

Dr. Kate Withers Simpson, noted authority, will speak on the subject, "Finding Your Child's Special Talents" at which time she will reveal the special capabilities of second grade children with whom she has been working at Cahuilla school for the past two years. Dr. Simpson has studied at Columbia University and at U.S.C. and has a background of extensive experimental research with such well known educators as Dr. Alfred Adler and Dr. Henry Emerson Fosdick.

Bishop Gooden to Confirm Class at Episcopal Church

The Rt. Rev. Robert Burton Gooden, D. D., Bishop Suffragan of Los Angeles, will be at St. Paul's in the Desert, Episcopal church, next Sunday to confirm a class and preach the sermon, the Rev. Robert M. Hogarth, vicar, said this week.

The Rev. Frederick M. Crane returned to North Hollywood Easter Sunday afternoon to resume his duties as chaplain of Harvard School, after officiating at one of the three morning services at St. Paul's in the Desert.

There were excellent congregations at all services, that at eleven o'clock being overcrowded as usual. Many parents and other relatives came with the children for their service in the afternoon.

The monthly meeting of the Chancel Society of St. Paul's in the Desert will be held this Saturday, April 7, at 2 p. m., in the study at the church.

Christian Science Subject 'Unreality'

The Golden Text of the Sunday Lesson—Sermon on "Unreality" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, is from John: "Judge not according to the appearance, but judge righteous judgment."

Included in the Lesson-Sermon is this parable from Matthew in which Jesus said, "The kingdom of heaven is likened unto a man which sowed good seed in his field: . . . But when the blade was sprung up, . . . then appeared the tares also. . . . He said unto them, An enemy hath done this. The servants said unto him, Wilt thou then that we go and gather them up? But he said, Nay; lest while ye gather up the tares, ye root up also the wheat with them. Let both grow together until the harvest: and in the time of harvest I will say to the reapers, Gather ye together first the tares, and bind them in bundles to burn them: but gather the wheat into my barn."

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "The temporal and unreal never touch the eternal and real. The mutable and imperfect never touch the immutable and perfect."

Receive 19 Into Membership of Village Church

Last Sunday morning, at impressive services, the following were received into full membership of the Community church: Mr. and Mrs. Joseph L. Asbury, Mr. and Mrs. John S. Jenkins, Mr. and Mrs. Howard W. Walker, Mr. and Mrs. W. A. Lippman, Mr. and Mrs. J. Marvin Ostrander, Mr. and Mrs. John Hornel, Mr. and Mrs. George B. Davies, Mrs. Violet Fowler, Mrs. Antoinette Romatko, Eddie Knupp, Tommy Luke, Dennis F. Bean.

The following infants received baptism: Cris Ana Tudor, Jose Manuel Sandoval, James Leslie Greist, John Robert Greist.

Dr. J. R. Macartney, pastor of the church, was in charge.

Pastor and Wife On Brief Vacation

Dr. and Mrs. John R. Macartney took a rest during the fore part of the week at their cottage at Forest Home in Mill Creek canyon.

Dr. Macartney went to the mountains immediately after the Easter service and Mrs. Macartney joined him there after attending a Presbyterian meeting at Redlands.

St. Paul's Guild Will Meet Tuesday

St. Paul's Episcopal Guild will meet next Tuesday morning at 10 o'clock at the home of Mrs. Frank Martineau, 535 North Belardo, it was announced this week.

Mrs. Douglas Fuller and Mrs. Charles Goodsell will assist as hostesses.

Pay your telephone bill before the 30th and receive a discount.

MORE ABOUT . . .

C. of C. Report . . .

Palm Springs program, describing it and outlining the need for it.

Earl J. Smith, chamber of commerce consultant, then gave an excellent and eye-opening address on what constitutes a chamber of commerce, its work and the need for intelligent planning to build up a city. He said the difference between cities was the difference between its citizens.

BUILD UP IS PLEA

A city where the citizens go into action and cooperate to build will become a good city while one where the inhabitants pull apart, criticize or "let George do it" will not prosper.

"Anyone can tear down in a day what it took intelligent planning weeks to build," he said.

Balloting followed the reading of President Feekings annual report by Executive Secretary Walter Kofeldt, who received many expressions of praise for the fine work he has done in the 15 months he has held the position of secretary.

The newly elected board and the hold-over directors will meet Monday for organization.

PRESIDENT'S REPORT

President Feekings' report, in part, follows:

"Immediately after the last annual meeting, the Palm Springs Chamber of Commerce became a member of the Chamber of Commerce of the United States and membership in this organization has been of untold value to your local chamber.

"Your executive secretary attended their institute at the University of Oregon in June and for six days, really crammed . . . took the examination and received an 'A'. What he learned there has stood your chamber in good stead.

SPONSOR WESTERN WEEK

"Your chamber sponsored Western Week in October, at the start of the season, and this highly successful event provided recreation, color, and excellent business for all lines of endeavor."

Among other activities he listed the sponsorship of the Burro Train, an excellent attraction, the purchase of the Field Club, the activities in regard to the airport and the active airways committee of the chamber; the 172-page airways brief requiring six weeks of work, presented at the CAA meeting at San Francisco, seeking more air line facilities for the Village; the work on postwar civil flying and the backing of the local squadron of the Civil Air Patrol.

RENEW TRAM EFFORT

"After three rebuffs, your tenacious chamber," he said, through its most active Tramway committee . . . again put forth a most determined effort to obtain legislation to make possible this project which will give Palm Springs a place in the sun second to none. In the past week this bill received a 'do-pass' recommendation in committee and has the endorsement of hundreds of civic leaders in Southern California and in Riverside county, chambers of commerce, the All-Year club, the Automobile club, the state chamber of commerce and many others. It looks good; better than ever before."

IN CLOSE TOUCH

The Indian Affairs committee, he said, is keeping in close touch with developments on Indian lands; the legislative committee is functioning on state and federal matters, the finance and pledges committee is active now in a "Better Palm Springs" program.

Membership has almost doubled since the last annual meeting President Feekings said. At that time the membership was 166, an increase of 139 since Executive Secretary Walter Kofeldt took charge. Now it is 316, an increase of 150 in the year.

"We are holding those we had and adding more each week," he said.

WORK WITH CITY

He said that the chamber and the city are working hand in hand and pointed out that the secretary of the chamber was also secretary of the Mayor's Co-

ordinating Council and the chamber representative on that body.

He detailed activities of the other committees of the chamber all of which are adequately handling their duties.

He said that during the year 12,775 letters in answer to inquiries about Palm Springs had been sent out and that 15,000 pieces of literature about the Village had gone to interested persons.

MAP PREPARED

With the co-operation of City Manager Ray Sorum, he said, a map had been prepared which is the best map the city has ever had and the chamber also aided in the production of an adequate city directory.

The chamber has achieved tremendous favorable publicity during the year, President Feekings said. He called attention to the thousands of publicity stories in newspapers all over the nation; in fact, he said, almost 20,000 inches of free advertising in papers from coast to coast.

FILM BOOSTS CITY

The moving picture film, "The Desert Playground," given the city by Jack Warner of Warner Brothers through the efforts of the executive secretary, has been shown, it was indicated, in 2000 theaters to 2,000,000 people in the past year.

President Feekings listed a score of magazines which had devoted their covers to Palm Springs pictures, and a score more which had carried pictures and stories of the Village.

LOCAL PRESS AIDS

He expressed his appreciation to the local newspapers for their whole-hearted support of chamber activities.

He also revealed the chamber's activities in the light of co-operation with the two military posts here, their aid of the Global Gab, the transportation activities, postwar planning, the service to Villagers in housing, drivers' license tests, OPA affairs, the various drives to further the Village.

GOOD YEAR

"All in all, we feel that the year just past has been a good one from the standpoint of the Chamber of Commerce and it has been an honor and a pleasure to serve you as your president," he said.

In closing, President Feekings touched on the current "Better Palm Springs" program, and urged the support of all for the plan.

They May Stick Him for License as Soothsayer

Yesterday morning Frank Partridge stood on the sidewalk before his studio talking to Mayor E. E. Theriau.

"We're going to have an earthquake," he said.

"You're crazy," said Hizzoner.

But he wasn't. This morning at 8:48 there was a quake. Not bad at all, but a quake.

Village Woman on Liberation List

Dorothy W. Alegre of Palm Springs was listed by the war department, among 12 more southern Californians liberated from Japanese prisons in the Philippines since Gen. MacArthur's conquest of the islands.

With the addition of her name, seven Villagers or kin of Villagers have now been freed in the Philippines.

THAT MAN'S A HERO

. . . if he's wearing a silk moire ribbon with stripes of blue, white, blue, white, red, white, blue, white and blue.

This ribbon signifies the wearer has been awarded the Distinguished Flying Cross for "extraordinary achievement, the results accomplished being so exceptional and outstanding as to clearly set him apart from his comrades who have not been so recognized."

For Essential Transportation—U-Drive Cars. Phone 4444.

MORE ABOUT . . .

Hospital Plan . . .

material used," he said. "The Palm Springs Community Hospital is going to be built to last and we are not going to sacrifice material for speed. We will proceed only when we get the best of material and equipment."

TO FACE SOUTH

The hospital will face south on land donated by Mr. and Mrs. John W. Williams in the southeast sector of the city. In this way, it will obtain the winter sun and eliminate the summer direct rays of the sun. Each room will have individual heating and cooling units.

Directors elected at yesterday's meeting were: Ernest Alschuler, Ed Bacon, Arthur E. Bailey, Florian G. Boyd, Philip Boyd, Charles Burket, Earl Coffman, William Dean, Virginia Farrell, Gordon Feekings, Therese Fields, Caroline Hicks, Ruth Hardy, Willard R. Hillery, Ida Hotchkiss, Fred Ingram, Kenneth Kirk, Margaret Leussler, Lucetta Lippman, Clara Kocher, William B. Malouf, Maizabelle Markham, Robert Ransom, Lloyd Simon, Josephine Sprague, Blanche Turonnet, Eugene Theriau, Alvin Weingarten, John Williams, and Hazel E. Wilson.

PRIZES AWARDED

Prizes to organizations which exceeded their quotas in the hospital drive by the largest percentage were awarded.

First prize, \$1000, went to the

MUSICAL—Tito Guizar sings to Virgina Bruce in a scene from Republic's latest musical comedy romance, "Brazil," with Robert Livingston, at the Palm Springs Theater, Sunday and Monday.

Masonic club and President Lloyd Simon of that organization said the money would go to the DeMolay. Second prize of \$500 went to the Hotels group and Chairman Earl Coffman said the money would be turned into the hospital fund. The Episcopal church was also awarded \$500 and the Rev. Robert M. Hogarth said the money would go into the building fund of that church. Rotary club won fourth prize, \$500, and the Lions club was awarded \$500 for obtaining the greatest number of subscribers. Both organizations will decide how their prize money is going to be used next week.

At the meeting, high praise was given Ernest Alschuler, vice-president of the association, for his

work in connection with the campaign.

Directors suggested that some sort of a special prize should be arranged for him.

Headquarters of the hospital will be open until the \$200,000 goal is reached, the \$50,000 above the building and equipment fund being earmarked for maintenance.

Try this old tongue twister on the younger set—it'll be new to them.

Bill had a board bill and Bill also had a bill board. Bill sold his bill board to pay his board bill. Now, when Bill has sold his bill board to pay his board bill, the board bill no longer bored Bill.

Sites Offered for Parks, Recreation Spots in Village

The committee of private citizens recently appointed by Mayor E. E. Theriau and approved by city council, to study the needs of Palm Springs as to parks and recreational facilities, is making progress with their survey, Frank W. Cutler, chairman, said this week.

"The committee desires the suggestions of interested Villagers and organizations on the location of parks and on the types of recreation to be provided," Mr. Cutler said.

It became known that several offers had already been submitted to the committee by private parties willing to donate land to the city for park and recreational purposes.

Any others wishing to submit ideas and suggestions or offers of land, should call William Colburn at 2166, the committee announced.

Members of the committee are Mr. Cutler, chairman, Mr. Colburn, Fred Ingram, Francis F. Crocker, Armand Turonnet, Harry Williams, Maurice McCann, Philip L. Boyd and Carl G. Lykken.

For Essential Transportation—U-Drive Cars. Phone 4444.

Lt. Ruth Monahan, Well Known Here, Killed in India

Word was received here today of the death, in an airplane crash in India, of Lt. Ruth Monahan, well known here.

Lt. Monahan, before entering the service as a WAC was on the nursing staff of Dr. Henry S. Reid and was also a private nurse earlier for the late Julia Carnell.

She was a sister of Carl Monahan, also well known here, and a cousin of W. L. Jordan of Cathedral City.

News of the tragedy came in a war department telegram to Mr. Monahan at Balboa.

Lt. Monahan had been in India two years and served with Merrill's Marauders in the strenuous campaign of that time.

Huge Task of QMC Told Village Lions

Capt. Jesse C. Bales of Mira Loma quartermasters depot, was the speaker when Palm Springs Lions met yesterday at the Desert Inn. He told of the vast task of keeping the army supplied with food and clothing and brought some samples of C and K rations, the kind served to combat troops at the front, with him.

MORE ABOUT...

Hillside Service...

Torney General Hospital.

Music for both services was especially noteworthy with singers from the local army posts and Villagers augmenting the church choirs. All were trained and directed by Mrs. Visel who was aided by Mrs. Lois Lux, accompanist.

PREACHES TO NATION

Dr. Macartney's sermon, which went out via the Blue Network 139 out of a total of 190 stations, was as follows:

"Good morning ladies and gentlemen and friends everywhere. We are gathered here with trumpets and songs of gladness to greet the dawn to feel the rapture of the panorama of loveliness spread out before us here at Palm Springs, California.

"Our announcer has envisioned for you at a distance the setting of this service. Bill Hay has brought to us his annual message from the poet Van Dyke in the words of God of the Open Air. Chaplain Northrup of the Air Transport Command here has given us his morning blessing.

"Colonel Jones of Torney General Hospital has read for us the passage from the Bible, (it was Luke 24.)

"Would that I could make you acquainted with the fine array of sixty singers here in ranks before me who have brought the message in song. And that you might catch the contagion of enthusiasm with which trumpeters and soloists and their splendid leader, have entered into this service.

"In just a few minutes, flights of pigeons will be released. Brought here last evening and during the night, away they go 4-60-70-113 miles. Though never here before with unerring instinct and unhesitant flight, straight as an arrow to their far distant cotes. Marvellous manifestations of the power of Him who marks the fall of the sparrow, in giving to these gentle creatures this homing instinct.

"Scenery - music-poetry-scripture-prayer and gentle features all conspiring together to make a service in honor of our risen Lord.

OLD, YET NEW

"It is the old old story, old yet ever new and those who know it best seem hungering and thirsting to hear it like the rest. It would require the brevity of a Coolidge to condense into six minutes a suitable message.

"But we have

1. A living Christ.
2. A sympathizing Christ.
3. A Victorious Christ.

1. A living Christ. The trophies

bow your knee to Him. Open the gates of the temple of your heart to him. He lives. He cares. He is going to reign. The King of Kings and Lord of Lords. Hallelujah, Hallelujah, Hallelujah. For the Lord God omnipotent reigneth.

Friends listening everywhere. Acceptance of Christ makes every character more beautiful, every heart more pure, every life more noble, every thought and ideal more exalted. Even as winter yields to springs, and our hearts to the gladness of the world, so let us lift up and rejoice this Easter morning.

APPECIATION VOICED
W. B. Esser, NBC announcer, and Lee Tyson handled the details of the broadcast.

Dr. Macartney expressed his great appreciation to the Desert Inn and Mrs. Thomas O'Donnell for again donating the location for the services, to the Boy Scouts for their ushering under the direction of Police Chief Lyle J. Sanard, to the Carpenters' Union who constructed the platform under the direction of Fay Brainard and Dick Taylor, to both army posts for their aid and to all who helped make the affair successful.

Following the hillside services, the Desert Inn tendered a breakfast to the singers at the Inn.

Easter Services Impressive at Community Church

Easter Sunday at the Community church was an impressive affair at 11 a. m., with all four choirs of the church in solemn procession, singing anthems.

The collection, which went toward the seminary at San Francisco. The total was \$450, \$25 more than had been sought.

Dr. J. R. Macartney, pastor, will preach next Sunday on a text based on the remarkable incident shown by the pigeons released at last Sunday's Easter dawn service.

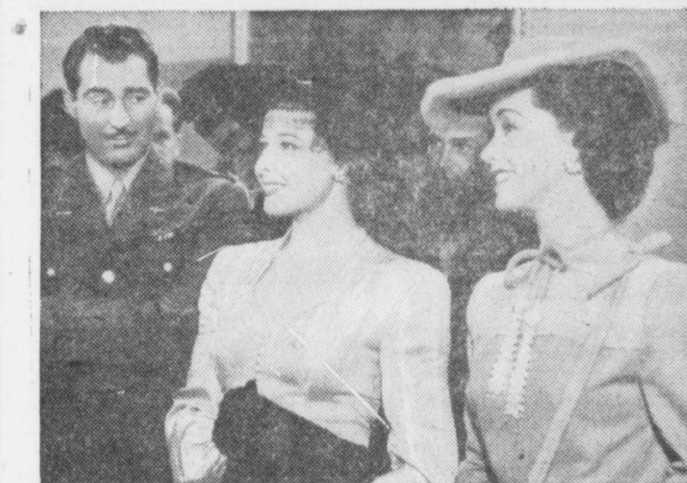

Brought here in the night, never having been here before, and released at sunrise, they unerringly flew to their cotes in various southland cities.

Each bird carried a tissues paper message from Palm Springs to its owner.

Designate Spots For Collection Of Old Clothing

Postmaster R. M. Gorham this week designated the post office and the fire station as receiving points for old clothing to be sent to the thousands of destitute in Europe. Persons desiring to give old clothing for this cause are urged to take them to these places.

If they cannot bring them in, they are urged to call the post office and a collector will be sent.

The Welfare and Friendly Aid association has agreed to help in the drive by sorting the clothing for shipment.

Railroad Lines and Shippers War On Waste

Seeking to reduce tragic wartime waste in damage or loss to freight in transit, which last year in the United States reached an estimated \$60,000,000, shippers in western states will join in support of the Regional Shippers Advisory Boards' ninth annual campaign for "perfect shipping" to be conducted throughout the nation during April.

According to E. W. Powers, superintendent of freight protection for Southern Pacific, purpose of the campaign, which also is being sponsored by the Association of American Railroads, will be to intensify interest in improved packing, loading and handling of freight.

Woman, Accused In Gem Case, Asks Probation Hearing

Mrs. Lillian Becker, 26, of Santa Monica, arrested here following the disappearance of jewelry valued at \$3500, pleaded guilty to a charge of misappropriating lost property and asked probation when she appeared in Judge O. K. Morton's court at Riverside yesterday. The complaint was an amended one, Mrs. Becker having been charged with theft and scheduled to appear in court April 11.

Involved in the case is jewelry ascertained to be close to \$2000, including a diamond-set bracelet allegedly worth \$1000, rings, pearls, costume jewelry, and possibly a diamond-and-sapphire necklace valued at \$500, according to Deputy District Atty. William D. Shaw, who represented the prosecution in yesterday's proceedings.

Counsel for Mrs. Becker was Attorney Loyal C. Kelley, of Riverside.

The defendant, following her plea of guilty, applied for probation. Judge Morton set April 23, at 11:30 a. m., in department two, as date of report and sentence.

The jewelry allegedly appropriated to her own use by Mrs. Becker was the property of Mr. and Mrs. Victor Minahan, Green Bay, Wis., guests in a Palm Springs hotel last January 31, date of the asserted offense, Shaw said.

CHRISTIAN SCIENCE LECTURE RADIOCAST

A lecture on the subject "Christian Science: Scientific Mind-Healing" will be radio-cast over station KFVB (980 kc), Monday evening, April 9, at 8 p. m., from Ninth Church of Christ, Scientist, Los Angeles. The lecturer, Will B. Davis, C.S., of Chicago, is a member of the Christian Science Board of Lectureship.

JOSEPH SANDEFFER

This week we turn our eyes to the Navy, for our Service Man of the week.

His name is well-known to all of us; and we are proud of his athletic record, for he was prominent both in sports and campus activities during his four years at P.S.H.S.

His name is Joseph Sandeff, better known to everyone as "Joe." He proudly wears the blue uniform of the U. S. Navy, with the rating of Ship's Cook 3-c, on his sleeve.

Yes, Joe is chief cook (and no doubt, also bottle-washer) on an L.C.I. amphibious landing craft on duty, at present, in the Pacific theater of war.

Born in Marshall, Missouri, February 3, 1926, he came to Palm Springs a few years later and entered the local schools.

Joe became a member of the P.S.H.S. student body in 1940 as a Freshman, coming from the Nellie N. Coffman junior high. While serving his high school "stretch", Joe acquired his letterman's sweater, with three stripes and two stars. The stripes represent three years of hard work in all five major sports: football, basketball, softball, track, and tennis, and he was one of our outstanding players in all of them! The two stars stand for football captain, and softball co-captain, both in his senior year.

Joe was rewarded for his efforts when he was presented with the "Outstanding Athlete's Award" in 1944. He also received a \$25.00 war bond from the Letterman's Club in recognition of his achievements.

In campus activities he was prominent as vice-president of his Sophomore class; commissioner of athletics, as a Junior, and little chief of the Tribe, while a Senior.

Joe graduated May 26, 1944, and entered the Navy on May 29. He received his "boot" training in San Diego, and went overseas almost immediately after completing the primary training. He has served in at least three major invasions: Leyte, Luzon, and Iwo Jima—during his time in the Pacific.

We all remember him as a swell fella' . . . nice as they come, who always had a good word for everyone. We hope it won't be too long before we see his friendly smile again. Yes, we're really proud of our Guy Named Joe.

Students to Take
Over Government
Duties April 13

By SALLIE LOCKETT

Student Government Day for Palm Springs, when members of the Student Council and Senior Class, under the guidance of the regular office-holders, fulfill the duties of the city government, will be staged on Wednesday, April 11, it was announced at the Student Council meeting last week.

Student Body President and Vice-President, Bob Lineau and Art Jones, will act as mayor and city manager, under the supervision of E. E. Theriault and Raymond M. Sorum, respectively.

Lila Lee Lilley will take over Mrs. Louise McCann's post as city clerk.

The office of city attorney, regularly held by Roy W. Colegate, will be filled by Sallie Lockett.

City Judge and Treasurer Guy Pinney's duties will be fulfilled by Loren Rude.

Mrs. Madge Holderman will be replaced by Coni Tilghman, as city health nurse.

Cecile Morris will act as city health officer, in place of Dr. O. B. McRory.

Taking charge of the Welwood Murray Memorial Library will be Margie Reineman, for Miss Dorothy L. Bear.

Director of Public Works P. M. Swart will be aided by Joe Brummitt.

Bob Hann will act as building inspector for Arthur F. Wright.

The posts of chiefs of the police and fire departments, regularly held by Lyle Sanard and William Leonosio, will be filled by Warner Moore and John Outcault, respectively.

Constable Clarence Templeton will be replaced by Bill Carey. Barbara Emigh, Babs Neel, and Mildred Woolhouse will run the ration board for William Lippman.

Taking the place of Walter Kofeldt at the Chamber of Commerce will be Petronilla Mutascio and Maurice Smith.

Respectively, city councilmen and the students to replace them are: District 1, M. McCann, Mort Alga; 2, E. F. Martell, Trudy Sawyer; 3, Culver Nichols, Joanne Hooke; 4, Mayor E. E. Theriault, Bob Lineau; 5, Armand Turonnet, Ed Wills; 6, Walter E. Allen, Edith Greer; and District 7, Clarence Hyde, to be replaced by Margaret Walker.

As is customary, the twenty-four students and faculty adviser Henry Greeley will be guests of the Rotary Club, at luncheon, at the Desert Inn, to meet their advisers on Student Government Day.

Rules for Letter
Awards Talked

Meeting in room eight, Wednesday, March 28, due to Spring vacation, the twenty-second regular meeting of the Student Council was called to order by Student Body President Bob Lineau.

Following the reading of the minutes of the last meeting, by Commissioner of Publicity Lila Lee Lilley, requirements for baseball, track and tennis letters were discussed.

On recommendation of Girls' League President Sallie Lockett, Mary LaRane was appointed to fill the office of junior representative of the Girls' League.

Faculty Adviser Henry Greeley suggested names of students to participate in the annual Student Government Day, Wednesday, April 11, and the council approved the appointments.

There being no other business, it was moved and seconded that the meeting be adjourned.

"Harmony Hall"
Picnic Planned
Late This Month

As a reward for all those who helped to make the operetta, "Harmony Hall", a success, there will be a picnic in Snow Creek Canyon, Saturday, April 21, Alexander Hammond announced Tuesday afternoon.

At the two meetings held last week, plans were made and details were discussed for the picnic. Students were asked to bring potato salad. The rest of the food is to be purchased with part of the profits from the operetta.

Saturday, April 7, Mr. Hammond and Robert Hillery will go up to the canyon to select the best spot for the picnic.

In order to pay for the winners, each student will be asked to bring one red ration point to Mr. Hammond.

Pay your telephone bill before the 30th and receive a discount.

Palm Springs High School Smoke Signal

Present Awards
For Athletics and
School Activities

By MORTY GOLDBERG

During the second period Thursday in the auditorium, those on the basketball team, student council, seven four-star bond selling drive winners, and three local contestants of the Lions Club speech contest received awards.

The basketball team ranked high this year. The varsity team was just nosed out of first place by Coachella. The "B" team like the varsity took a second place while the "C" team won for its class.

Those receiving letters for varsity basketball were Captain Joe Brummitt, Maurice Smith, Frank Devers, Bob Lineau, Bob Bell, Art Jurado, Laurence Emerzian, Tommy Peterson, Art Jones, Bob Metzendorf, Paul Benson and Bob Dart, manager.

Those receiving letters for the "B" team included: Captain Bernardo Hernandez, Roland Ashley, Ed Wills, Don McLearn, and Terry Flynn.

Those receiving "C" letters were Captain Bob Jones, Dick Hine, Jerry Manley, Billy Sandeff, Jimmy Flynn, and Bob Flavin.

Student Council members who received awards were Bob Lineau, Art Jones, Lila Lee Lilley, Petronilla Mutascio, Loren Rude, Warner Moore, Sallie Lockett, Trudy Sawyer, John Outcault, Joanne Hooke, Ed Wills, and Coni Tilghman.

For selling the required amount of bonds, the following seven were awarded: Petronilla Mutascio, Harry Hanbury, Robert Hillery, Barbara Dadds, Peter Spore, Jean Kay, and Sallie Lockett.

The three winners of the local Lions Club speech contest: Sallie Lockett, Mortell Goldberg, and Cecile Morris, received cash prizes.

Army's College
Tests Scheduled
For Thursday

Principal Ernest E. Oertel announced today that a qualifying test for the Army Specialized Training Reserve program will be given in the office of Palm Springs Union High School on Thursday morning, April 12.

The ASTRP is a college training program for young men of 17 in anticipation of their active duty in the Army. This training is given in accredited colleges and universities under the auspices and at the expense of the United States Army.

To qualify for the test to be given next Thursday, the candidate's seventeenth birthday must fall between Oct. 1, 1944, and Aug. 31, 1945, and the candidate must graduate from high school by July 1, 1945. Persons who will graduate from high school or will complete one term or semester of college during July or August are also eligible if they are not older than 17 years 9 months on the first of the following month.

Candidates for the qualifying test are requested to report to the high school office at 8:30 a. m. Thursday, April 12. Late comers can not be accommodated, according to Army rules. These tests are given under orders of the War Department. The local high school is one of numerous other civilian organizations all over the country designated to administer the examination.

Hand Books for
Students To Be
Given Next Year

Student handbooks to enable the members of the student body to become better acquainted with school rules and traditions will be given out at the beginning of next semester, announced President Bob Lineau.

The handbook will be given to each student and will give information about the requirements which must be met for athletics and sports, clubs and organizations and their activities, general regulations, student government, which will consist of a summary of the student council and what it does, and about school traditions such as assemblies, sportsmanship, and loyalty.

Bob Lineau is in charge of the handbook. Art Jones, Sallie Lockett, Margaret Walker, Mort Alga, Delorse Vallier, Cherie Mashburn, Barbara Inman, Wendell Delano, Chuck Nimetz, and Harold Emigh, members of the journalism class, will write short summaries on each of the topics listed.

GAZOOZIT

By LOLO

Well, now that the Easter bunny has made his way back to his igloo where he is staying with St. Nick until he can find a vacancy sign, it's time for Lo Lo to appear on the scene again with a summary of some of the week's goings ons and offs.

Speaking of the Easter rabbit, this fellow brought quite a few interesting happenings into the spotlight to be spotted.

The town was full of kids from other places all vacation long. Everybody had their own little following.

Floy Palmer was in town again. She and Klug have broken up now and she has her eyes on another junior boy.

Jamie Seaton, who used to be a student of our worthy institution of learning some years ago, traveled all the way from Manhattan Beach with a friend of his answering to the name of Ted. They were soon seen accompanied by Bob Flavin, who decided there ought to be another of those little parties. Incidentally Flavin seemed to be enjoying the evening which he spent with Dorothy D. from Redlands and Ted and Mary Ann were good friends before an hour had passed. Naturally, upon the evenings ripening, the little car was packed full to the brim and was the only rod in L.T. that night.

I saw McKinney trailing two girls on bikes and enjoying the sun after having broken up with Mazi. Having spoken of the sun, I might say here that quite a few people seem to have been taking advantage of same throughout the week-end. Hookey is as dark as a little Indian and so are a few other of our most tangleable damsels some of which suspend themselves off the most precarious rocks and precipices to obtain a few precious rays of that popular ball of fire.

Gloria's swimming party made a big hit and was a welcomed event. Some of the water babies were Klug, DeLorse, John Wilson and Joan Whorton.

Another great event and new chapter in the history of Palm Springs social life was Delano's party on Saturday. Among all the oldsters there were three new female faces. Warner took over Shirley, and her friend Susan spent the greater part of the evening admiring (?) our student body president and popular hero, Bob L. Her poor face fell upon being informed that this man of her dreams was on the list of steadies and that he and Trudy have no plans of getting their names off the list.

Forgetting the three new faces and getting back to familiar surroundings we find that some of the other party goers and dancers were Cecil, Trudy and Bob, Joy and others. At some time past 12:30 Bob Hull joined the party and played some good Boogie woogie. Bright boys, who got plenty of big laughs out of gals screaming from fright when the light switch flickered on and off all night long, shouldn't feel so brash. The fact remains that they were aware of the offenders identity all the time they were roaring. Porky was one of the guilty culprits and she deserves to be commended on her excellent work considering the fact that she was until this time an inexperienced switch thrower.

Toni Lowe was in town too and celebrated her anniversary, Friday, by throwing a big party clear out on the desert. Enjoying the scenery were Dorris, Joy and her friend Gloria, Pat Manley, Barbara Emigh and Larry, Toni and J. B., Warner, Mary Corman, and Delano and Babs.

Jerry Manley and Patty Hine are perfectly happy together. In the mean time Ed Wills seems to have taken a turn to Mary Jo. Seeing Les go skipping off to the city for his vacation, Bonnie Sue finally broke down and joined Betty Ann and Jo Ann in enjoying the company of two Hemet boys, Bob and Fred.

DeLorse got a long distance telephone call from Donnie the other day. That was a busy line. By the way, the little gold ankle she is wearing was an Easter present from Donnie.

I saw Imogene and Little Hogg tripping gracefully down the streets in bare feet looking the

Cinder Artists
Hold Spotlight
As Preps Begin

By MORT ALGASE

With most of the tentative track team trying out for training and the decathlon getting well under way, Coach Thompson has reluctantly disclosed several of his star footmen, but wishes to remain quiet on men participating in events other than which these men will take part.

In the sprint department, Lienau, Emerzian and Brown are expected to bring home the ribbons. Outcault and Jones are the only dependable hurdle men to date. Alan Anderson is the boy most likely to place in the state finals at middle-distances. The shot-staff this year will have its fingers in all pies, too. From there on out it's a tossup.

The interclass meet next week promises quite a bit of competition and will be the basis for determining the team. It will cover three days, the 10th to 12th, built around the following events: Tuesday—220, high jump, shot-put, 70 yd. high hurdles and the 660. Wednesday—50-yd. dash, pole vault, hop-step-jump, 120 low hurdles, and the mile. Thursday—the 100, broad jump, 440, and 440 relay.

Two meets have been changed. The Riverside County meet will be held on May 5th, and the League meet to Riverside's former date, May 12th.

Coach Thompson has proposed a "sand lot meet" to be held among the desert schools of this district and sponsored by the high school. He believes this will stimulate a track interest in the younger boys as well as a sense of competition and ready the young athletes for later competition.

TENNIS

During spare moments between baseball and track chores, many boys are taking to tennis and are competing on the tennis ladder. Ultimately the ladder will be reduced to four, with Outcault, Emerzian and McLearn taking three of the spots in "your" favorite order. Palm Springs will play two invitations and the state finals at Mark Keppel, Alhambra, on June 2nd. On April 14th, the B and C finals at Keppel and the E.R.C. finals at Palm Springs.

Birthday Cards for
Patients Sought

All Commercial Birthday Cards will be welcome for the Birthday drive being held for convalescent patients of Torney General Hospital. Boxes will be placed in the school office Monday, Tuesday, and Wednesday of next week.

Loren Rude, chief of the Tribe, and Sallie Lockett, head of Girls' League, are sponsors of this drive for the Junior Red Cross.

One hundred of any commercial birthday greeting cards have been requested.

picture of over-dosed vitamin toners. While on the subject of these two characters, it is brought to my mind that Mosely has had a change of mind and has had a date with Imogene.

That little acquaintance which developed slowly but surely in room two beneath the mummerys and oaths of disgust concerning "A Tale of Two Cities" finally proved profitable because I'm told by the most capable little birdie in town that Galzie has been dating Pat Flett. Just to refresh your memory in case you need refreshing, here are some of the vacation dates again. J. C. was with St. George, LeLorse was with Whitey, Mosely with Imogene, John Chaffey with Barbara Inman, Warner and Shirley, Barbara Emigh and Larry, Delano with Babs, Joan Whorton with Don McKinney, Ed Wills with Mary Jo, Jerry Manley with Joan Whorton, and Jerry Manley with Patty Hine.

Well, that just about hits the high spots for now except a trip to Eagle canyon made by John Chaffey, Barbara Inman, Jerry Manley, Joan Whorton and others plus a party with the junior high school as it's setting which adjourned some time afterwards to Delano's place. Before I stop, though, I may as well inform you if you have not guessed already that those new blondes and red heads of the male species aren't new at all. On the contrary, they are none other than Doro, Harold Paterson, J. B., Paul Benson, Metzendorf, and Delano experimenting the after effects of peroxide. Now, ain't that just like a man?

READ THE CLASSIFIED

May We Introduce
By MORT AND BOB

BOY OF THE WEEK

Some 17 years ago in a nursery of blue, a laughing brown-eyed brown-haired baby boy came to live. This nursery was located in Charlotte, North Carolina. The date was May 28, 1927.

Since that all important day, he has skyrocketed to five-feet-eleven inches and 145 pounds, hates flirts and likes to indulge in a meal of pork chops and coca cola, against a back drop of blue with the soft strains of "I'll Be Seeing You" drifting from the radio.

When he takes in a movie, he likes to see Lana Turner or Spencer Tracy, and if one of the shorts should feature Louis Jordan's orchestra that is okeh, too.

Don McLearn and Dick Lima comprise the other two of the three musketeers.

I have thought and thought and in vain and all I can do is write his name—Dick Farmer.

GIRL OF THE WEEK

Another blonde bombshell from Texas has descended upon our fair campus and made quite an impression on both the fair sex and male population.

She was born some 17 years ago in San Antonio, Texas, on August 27, 1927, with honey-colored hair, startling green eyes, and a complexion like golden toast. Those envious glances from the girls could be over her tall five-feet seven-inches, slim 115 pounds.

If you should by chance take this honey out, buy her a ham sandwich and a root beer and drop a nickel into the nearest juke-box and play "Don't Fence Me In." If you take her to the movies try to choose one with Ann Rutherford or Robert Cummings. Steer the conversation around to art, or Texas, and you will get a quick response. She likes fellas who respect the girls they take out. Being very feminine, she prefers soft pinks and pastel blues.

At the present any orchestra will do, since her favorite, Glenn Miller, is missing in action.

Since she "slaves" at the Palm Springs Theatre her genius (pardon me) ingenious pals are known as "the theatre gang, and—Chuck St. George. (That guy will do anything to get his name in print).

Flash! She is in love—yes, but guess who with—Texas. Can't some of you guys remedy that!

Welcome to Palm Springs High, Ann "Tex" St. Claire. Hope you like us as much as we like you.

Oh yes, I wish to thank Chuck St. George for his able assistance in producing this masterpiece!

Lt. Joseph Grant
Prisoner of War
In Germany

By BARBARA INMAN

Lieutenant Joseph Grant, who was listed as missing in action three months ago, has been found, according to word received by Mrs. Peggy Grant through her mother-in-law in New York, who in turn had received a card from Lieutenant Grant. He reported himself as alive and well in a German prison camp.

Mrs. Grant, the former Peggy Clarke, who taught music, history, and English on the P. S. H. S. staff, will be here for a week's vacation, beginning April 7, to be with friends on her first wedding anniversary. She will stay at the Tahquitz Vista Hotel.

Pay your telephone bill before the 30th and receive a discount.

Plans Drawn for
Open House Event
Thursday, April 26

By BARBARA INMAN

Plans are underway, faculty directors Miss Mary Louise Gaylord and Alexander Hammond announced this week, for the annual Open House program to be held in the high school auditorium at eight o'clock, Thursday evening, April 26.

The music department will present several musical numbers, including "Turn Ye To Me," by the mixed chorus; "Star Dust," "Jeannie With the Light Brown Hair," and Annie Laurie," by the Girls' Glee Club; and "Old King Cole," by Bob Dart, Robert Vallier, John Klug and John Wilson, comprising the Boys' Quartet.

"He Ain't Done Right By Nell," a one act, old-fashioned melodrama, by Wilbur Braun, will be enacted by Trudy Sawyer, as the heroine; Bob Lineau, the hero; John Wilson, the villain; Cecile Morris, local gossip Paul Mashburn, Grandpa Perkins; and Barbara Emigh, a city gal, all are members of the oral arts class.

Parents and friends of students of P. S. H. S. are cordially invited to visit the departmental exhibits in the rooms, talk with the instructors, and attend the program which will precede refreshments to be served by the Home Economics department, all the events will climax Public School Week.

Editorial

BIRTHDAY CARDS
FOR TORNEY

"Not again! Another drive? Oh, no, not that!"

No, these aren't the words of your brother in France or your former school chum in the Philippines, when a new "push" into enemy territory is announced which will bring the end of the war a little closer for us at home.

You can hear words to this effect at P.S.H.S., however, when students are asked to help out with nickles, dimes, and a little extra footwork.

Isn't that students are shirkers. We're all busy, of course, and we often wonder if the things we have to do will ever get done; but the fellows back from overseas, who have really been at a job that must be done right, deserve a great deal more consideration. When the call goes out for something that these men have asked for, isn't it up to us to help?

A box will be in the office Monday, Tuesday, and Wednesday of this week to receive commercial birthday cards, purchased downtown, for patients of Torney General Hospital to send to family and friends. The Red Cross has asked for one hundred. We've always topped our goals before . . . here's a challenge.

—By SALLY LOCKETT.

May 4 Date Set
For Senior Play

Friday, May 4, has been tentatively set as the day on which the Senior play, "Spring Green," will be presented to the public, at the Plaza Theatre, Miss Mary Louise Gaylord, faculty director, announced today.

A change in the cast was also announced. Maurice Smith will portray Mr. Putnam, the wheelchair "ding-swizzled" grandpa replacing Bob Dart. Bob Hann, in addition to characterizing Billy, will also be jointly in charge of props with Edith Greer.

Mr. Mack Scott Thompson said that the wood shop class will aid in building the stage set for the play.

With the Boys in the Service

GOING BACK—Although some of them have had 16 months overseas, they're going back to serve our boys again on the fighting fronts. After completing dozens of aerial evacuation flights for the Ferrying division, these nurses have volunteered to return overseas. Lt. Col. Robert J. Goewey, second from right, commanding officer of the 21st Ferrying group, bids them farewell. Capt. Gerald Rowland, left, who knew some of the nurses overseas, piloted the plane which took them east for their flight overseas to a foreign theater. Left to right the nurses are: Lt. Adelaide Timmons, Lt. Elizabeth Binkley, Lt. Rita E. DeMarrais and Lt. Mary J. Leonard. (Official AAF Photo.)

WAC Lieutenant Coming to Village On Recruit Duties

Lt. Marie D. Hilton, recruiter for the Women's Army Corps, will be in the lobby of the Palm Springs postoffice next Thursday, April 12 from 12 noon to 4 o'clock to interview eligible women, between the ages of 20 and 50, who are interested in securing information regarding the Army Medical Corps program for training medical and surgical technicians. Technicians are needed to care for the ever increasing numbers of wounded soldiers who are being brought into Army hospitals, throughout the United States at the rate of from 1200 to 1500 each day. Lt. Hilton urges eligible women to act quickly, the wounded need care now.

Months of Overseas Duty as Flight Nurses Behind Them, Group Stationed At Local Base, Volunteers to Return

Months of service overseas as flight nurses, helping to evacuate the wounded from India, Italy and Africa, hasn't dampened the spirits of these flight nurses attached to the 21st Ferrying Group, of the Air Transport Command, Army Air Base at Palm Springs, Calif., in their desire to trade domestic for foreign duty. Today they had their wishes fulfilled.

First Lieutenant Adelaide Timmons, 2432 Loyola St., Cleveland, Ohio; 2nd Lt. M. Elizabeth Binkley, Wernersville, Pa.; and 2nd Lt. Mary J. Leonard, Cambridge, Mass., with periods of service in Africa and India, ranging from 12 to 16 months and with not much more than four months of service back here in the United States, volunteered for foreign service again.

While serving as flight nurses evacuating wounded soldiers

from coastal areas here in the United States to base hospitals around the country, they often expressed the wish of returning to a battle area. With the shortage of nurses here in the United States their return to battle areas was absolutely voluntary.

Accompanying these nurses to their new overseas station is 2nd Lt. Rita E. DeMarrais, Brooklyn, her first trip to a theater of operation.

21st FERRYING GROUP FACTS

The following is a special column we are beginning with this week's Desert Sun, giving our readers interesting information about the operations and activities of the 21st Ferrying Group, which is the Ferrying Division base of Air Transport Command located in Palm Springs.

During the past week the Army Air Base observed its third anniversary, and vast improvements have been made as the 21st group has done its job for the Air Transport Command since the base was first opened on April 3, 1942. Buildings which now mark the base were not to be seen when the first contingent of army men moved in and set up tents alongside the runway strip. The base has made steady progress and now, beginning the third year, even more improvements are under way.

ADD TO PX

Work is going forward on an addition to the Post Exchange. The construction, it is hoped, will provide service club facilities for the enlisted men and WACs who are stationed here. This will add to their recreation and entertainment on off-duty hours.

The weekly orientation program of the 21st group was held on Monday night and featured a talk by John Burton, well known CBS news commentator and world traveler. Lt. Col. Robert J. Goewey, base commander, also spoke at the orientation meeting.

A campaign is under way to beautify the base in additional ways by the development of

small grass plots and other foliage around squadron buildings along the midway. A line of trees will be planted on each side of the midway thoroughfare. This will add much to the appearance of the base, although the military personnel realize that they have some task ahead of them, in view of the summer heat ahead.

BACK CAP PLAN

Palm Springs' Civil Air Patrol Squadron which is being organized is having the whole-hearted support and help of 21st group military personnel. The air forces men are doing all they can on off-duty hours to give the CAP organization instruction and preliminary assistance.

Enlisted men and WACs of the air base attended the Easter Sunrise Services in a large body. Trucks transported the military folk from their base early Sunday morning to the village for the service.

Military personnel of the air base has returned to summer uniforms in part, effective April 1. It is optional for those in uniform to wear either summer or winter uniforms until April 15. After that date Palm Springs residents will see all of the air base men and women in khaki and other summer uniforms.

BARN DANCE PLANNED

Civilian employees of the 21st group, who recently organized their own group, will hold a colorful social event Friday night, April 6, at Rogers Stables. This will be a costume barn dance. A large crowd of civilians will be present and will have much of the military personnel on hand as their guests.

The president of the Palm Springs Lions Club and others were guests of the air base at the weekly review ceremony and retreat parade last week-end. C. J. Burket, head of the club, expressed his thanks for the review. It is hoped that other Palm Springs business men will be able to witness similar parades in the future.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs

By PFC. TED W. ENGSTROM

"TORNEY TANTRUMS OF '45" TAKING SHAPE

Preparations are rushing ahead at a mad pace for Torney's all-Hospital Revue "The Torney Tantrums of 1945". Now that the hunt for our own "Sad Sack" has been culminated and one has been found who is so perfectly the Sack that he must have been the creator's model for the original, all is in readiness (well, almost) for the gayest evening's entertainment ever to hit these hospital grounds.

Ten civic girls form the cutest "Line" you can hope to see, and when they cavort in their sharp costumes, Ziegfeld himself will spin with jealousy. They have precision numbers that will put the Music Hall "Rockettes" to shame.

Added to that are dozens of hilarious, hand-picked sketches which will have you rolling in the aisles for a solid two hours of mirth-filled entertainment. Specialty acts galore are being lined up and you'll be amazed when you see what really professional talent has been uncovered here at Torney.

Don't miss this rip-snorting home-grown, talent-packed revue, filled with fun and merriment, playing two performances here at the Rec Hall a week from Thursday and Friday evenings, April 12th and 13th at 7:00 o'clock. Thursday night's show will be for patients and Friday night for all other personnel—civilians and military alike. It's all "for free" and this is a must on everyone's list. Don't forget—reserve April 12 and 13 for "Torney Tantrums of 1945!"

PATIENT WINS PRIZE

S/Sgt. Harold M. Robinson, a patient in Ward E-6, is winner of a \$5.00 runner-up prize in the current Kate Smith "Tall Tale" contest. All hospitalized service men are eligible for this contest.

S/Sgt. Robinson, a veteran of the Saipan campaign, told a "tall" tale of marksmanship. He said that one day he was able to pick off a Jap at 600 yards with an M-1 rifle, hitting him squarely between the eyes. A lanky chap from Wyoming, hearing this, said, "Why that's just point blank range. When I was hunting elk in Wyoming I shot them at such great distances that I had to put salt on the bullets to keep the

meat from spoiling before I got to it!"

CLASS ORGANIZED

Five automobile motors have been received by the Reconditioning Division here for use in the Educational Reconditioning program. The motors, one Chevrolet, one Oldsmobile, one Dodge and two truck motors were delivered here from the Los Angeles Motor Repair Shop, and are government issue.

CLUB TO REOPEN

The invitingly redecorated Torney Civilian Club is to be fittingly reopened next Friday night April 6. It has been in the process of renovation for the past month and with the help of energetic and cooperative club members and men from Reconditioning Co. "A," has at last received the finishing touches.

Personal invitations are being extended for the gala opening and club members are invited to bring a guest. Club privileges will be available only to those who are "paid up". A delightful evening is planned and a pleasant surprise is in store for those who have not yet seen the attractive club house.

Many new features are being added to the club's list of activities, including a weekly officer-guest night, bridge night, open house and the sponsorship of parties such as hay-ride rides, an all-Torney party at Rogers Stables, swimming parties, etc.

Mrs. J. F. Sweeney, who has been visiting her mother, Mrs. H. R. Scribner and her daughter, Scribner Sweeney in the Village for the past few weeks, will leave Monday for her home in Cleveland, Ohio.

COLONEL — Frederick M. Sperry above, has just been promoted to a full colonelcy, his family here was advised last week. (Everett and Fry, Ltd., London, Photo.)

Villager Promoted To Full Colonel On Fighting Front

Frederick M. Sperry has just been promoted to a full colonelcy his family here, Mr. and Mrs. Walter J. Martin, and wife, Mrs. Frederick M. Sperry, have been notified. His family resides here and the Martins, Villagers of long standing, own and operate Arenas Lodge at 239 West Arenas Road.

Col. Sperry has had a distinguished military career. After his graduation from the Command and Staff School at Fort Leavenworth, Kansas, he was detailed for duty in Great Britain, where he helped formulate the invasion plans.

Col. Sperry landed in Normandy on D-Day plus ten and has served continuously on the western front since that date. He has also been cited for the bronze medal in recognition of his achievements in the line of duty.

He is the son of Mrs. Martin.

Councilman's Son Home Again After 4 Years Overseas

There was a happy re-union in Palm Springs yesterday with the arrival home of Walter Z. Allen Jr., son of Councilman Walter Z. Allen, well known local realtor, for the first time in four years. The younger Allen, a Seabee, has been in the Pacific area all that time, serving first with an engineering firm, later with the army engineers and for the past year, with the Navy.

He was with a private engineering firm in the Hawaiians when Pearl Harbor was attacked and immediately went to work on war construction. Following a period of this work he joined the army engineers and after a year serving at advanced bases preparing for invasions, he enlisted in the navy and went with the Seabees where he has been in the thick of it, following closely on the heels of the invasion forces and seeing many of the invasions from a "ring side" seat.

He left Palm Springs in February, 1941, and his return yesterday was the first time he has seen the Village in four years and almost two months.

Allen was sent to San Leandro on a 35-day furlough from the Marianas and left there Wednesday evening for Los Angeles where Councilman and Mrs. Allen met him and brought him here.

Need for New Revenue Outlined by City Manager to Council in Report On Increased Costs, Dwindling Taxes

City Manager Ray Sorum submitted a report to city council Wednesday evening, calling attention to the financial situation facing most cities today due to war conditions, expansion, and dwindling revenues. His report follows:

In presenting the following brief report it is hoped that the need for additional revenue for our city may be reasonably established:

It is the consensus of opinion of the majority of experts in the field of taxation and revenue that the ability to raise money by means of the ad valorem tax has reached the saturation point; and that cities must look elsewhere for additional funds necessary to carry on the operations of local government.

UNTAPPED SOURCES

There are many sources of revenue which as yet have not been tapped by most municipalities, such as parking meters, sewage fees, admission taxes, sales tax and business licenses of various forms.

In order to convince the average citizen that increased taxes or licenses in some form are necessary, it is only logical that the reasons for this increase be set forth and substantiated.

While it is true that we have been prevented from undertaking much of the work of improvements and restoration which we would normally have planned, it is not necessarily a deduction that we have been able to actually save and accumulate a large reserve account.

COSTS MOUNTING

The cost of local government has steadily increased as the result of war conditions, just as costs of almost all other operation and production have increased—due principally, of course, to higher salaries, both within the city government and as reflected in the higher cost of all supplies and services required by the city; the higher cost of the maintenance of all mechanized equipment, much of which is becoming older and less serviceable; the cost of operation of additional services, such as enlarged Building Department, City Pound and Rationing Board—the revenue from which constitutes only a fraction of their combined cost of operation.

At the same time we are faced with a substantial loss of revenue resulting from the acquisition of land by the city and the Federal Government—a loss which at the present time continues to grow and will become even greater so long as the Federal Government continues to acquire additional land.

NEW LOSSES LOOM

The provisions for increased Veterans' exemption will add further to the loss of revenue and will become even more serious because of the Veterans' Farm and Home Purchase Act of 1943, together with the approval of additional exemptions at the last November elections.

The city of Palm Springs, having been incorporated for some seven years, does not own a single piece of property except that derived from gifts; and while it has been most fortunate in this respect, the city cannot or should not anticipate attempting to carry on a sound and efficient administration of governmental functions in quarters which are fast becoming terribly inadequate from a standpoint of space and safety.

MUST BE DONE

There are many needed and indispensable facilities and improvements which cannot, from a common sense point of view, remain undone if we are to cope with the tremendous increase in population to come. This increase will bring forth a new and great demand for additional sewage disposal facilities, improved streets, flood control, additional fire plugs and fire-fighting equipment, as well as the burden and expense of additional services which a city is responsible for providing. If we are to keep pace with the rapid growth of our city during

even the next few years, we must give our thoughts seriously to devising some plan for increased revenue. No matter how the needed funds are to be obtained for the accomplishment of these projects—whether it come from a reserve account or through a bond issue—the fact remains that they must be acquired to create the reserve or to retire the bonds.

NO MONEY LEFT

An analysis of the present financial condition of the city reveals that, outside of funds required to carry on the normal every-day operations of our government and to carry us over from July 1 until such time as the first ad valorem tax money is received from the County Tax Collector, there remain practically no funds which could be diverted for construction or improvement work. I believe that upon the completion of the Estimate of Expenditures and Receipts for the fiscal year 1945-46 an even more relevant picture will present itself, in the face of new and quite large obligations undertaken by the city.

Our city is not alone in facing this important problem for it is prevalent in almost every city in the state and in the nation. Many of them have already reached far beyond anything we have so far dreamed of in their quest for a large additional accumulation of funds and sources of revenue.

PROJECTS SET FORTH

Set forth below is a partial list of some of the most urgently needed projects which should be undertaken by the city with a view to the protection of our citizens to a reasonable degree from a health and safety standpoint—together with an estimated cost of the work:

1. Additions and improvements to sewage disposal plant—to provide for a population of 25,000—\$50-\$60,000.00	
2. Immediate need for a minimum of three (3) miles of additional sewer mains	37,500.00
3. Additional fire plugs	5,000.00
4. Seal coating of all paved streets in city—exclusive of State Highway—25 miles	40,000.00
5. Tachevah Wash Improvement	30,000.00
6. City Hall, including Council Chambers, City Court, additional jail facilities, Hose Towers—exclusive of land	60,000.00
7. Corporation Yard on Field Club premises with repair shop and gasoline pump	10,000.00
Total	\$182,500.00

FOR RECREATION

In the absence of the report of the Park and Recreation Survey committee, no mention has been made of the urgent need for adequate recreational facilities.

The necessity for constructing additional fire stations in the northern and southern areas of the city, in the not too distant future is beyond question; and there are many other projects which will become requirements if our city government is to keep abreast of the almost unbelievable growth of our community in the years to come.

It is my humble opinion that, in view of the youthful status of our city, we can invest wisely and irreproachably all of the money which may be forthcoming from the enactment of reasonable and equitable revenue legislation, consistent with the over-all desire of our citizens to be a part of one of the world's outstanding communities.

Respectfully,
R. M. SORUM,
City Manager.

RECKLESS—Susanna Foster and Turhan Bey are starred in the new Universal picture, "Frisco Sal," a story of reckless love, at the Palm Springs Theater, Wednesday, Thursday and Friday.

MORE ABOUT . . .

Better Palm Springs

situation. We may have attained our goal when we meet at the Desert Inn for luncheon at 12:15. "But if we haven't, we'll go ahead until every person listed on the apportionment cards is called upon. When that is done, I know we'll have the fund with which to build a Better Palm Springs."

GROUPS MEETING

Group meetings have continued during the week and meetings of co-chairmen of all groups have been held each morning at the Fiesta House since Wednesday.

Monday evening at the Polo Club co-chairmen of the various groups and team members met with leaders at a smoker and discussed phases of the campaign.

INFORMAL PROGRAM

Following an informal 45 minutes, during which excellent music was furnished by Xavier Guevara, Ruben Guevara and Charles Cota of the Club Continental, the meeting was opened by Robert Ransom, chairman of the chamber's finance committee. He clarified the purpose of the campaign and called on Earl J. Smith, chamber of commerce consultant, in charge of the campaign.

Mr. Smith called attention to the fact that there were four days left in which to put the drive across and then gave a few pointers in salesmanship and discussed what Palm Springs had to offer. He pointed out the advantages of Palm Springs' climate, situated as it is at the foot of Mt. San Jacinto, and also to the fact that, on a resort basis, Palm Springs has a longer season than any other resort, winter or summer.

CALLS FOR REPORTS

Carl G. Lykken, general manager of the Better Palm Springs program, then called on various committee chairmen for reports on group meetings. Responding were Phil Delano, James Shea, Cecil Isenagie, Norval Kelly, Earl Strebe, Stanley Rosin, Ed. Stephens, Dr. Frank Purcell, George B. Davies, Muriel Fulton, Fred Fulton, President Gordon Feekings.

The meeting was a highly successful one, generating much enthusiasm for the program.

In charge of the affair were Messrs. Feekings, Ransom and Lykken, and Executive Secretary Walter Kofeldt of the Chamber.

Sunday School Picnic April 14

Annual Sunday school picnic of Community Church will be held Saturday, April 14, beginning at 3 p. m. on the grounds in back of the Desert Inn.

There will be tables arranged by classes and each child is asked to bring his or her own sandwich. Ice cream will be furnished by the church.

YOU'RE IN THE ARMY NOW

By Maj. Herc Ficklen

"Yeah, but what if that Rhine bridge had collapsed just after we—and nothing else—had gotten across."

MORE ABOUT . . .

Village Climate . . .

Springs has to sell, Earl J. Smith told a group of Better Palm Springs committee chairmen at a smoker, Monday night, at the Polo Club.

People come here for the air. It isn't desert air and it isn't mountain air—but a zestful, health-giving, relaxing combination of both.

WHY IT'S HEALTHIER

The freshness of the pines and the streams comes down from the mountain top to mingle with the dryer desert air—and that's our climate. This constant circulation frees the air from automobile exhaust gases and smoke and makes sleep more restful and eliminates big city fatigue.

Another salient point brought out by Mr. Smith in his talk was that Palm Springs has an eight-month "season" compared to the three or four month seasons of other resorts.

LONGER AND BETTER

The mountain or seashore resort season runs from three to four months, the winter sport season a similar length. But in Palm Springs the season is well under way on October 1 and it lasts until Decoration day. Many people are making it a 10-month season, he said, coming in September and remaining through June. More and more, too, he added, are remaining the year around.

As the foremost desert resort, he said, Palm Springs has these two big advantages—people can come earlier and stay later in the greatest mixing bowl of climate in the world.

MORE ABOUT . . .

Red Cross Drive . . .

above chairmen.

The Village quota was the second largest in the county, exceeded only by Riverside city, and the total raised here was second in the county by almost \$19,000. Three communities in the county fell short of their goal.

In the county as a whole, \$218,913.86, or \$11,913.86 more than the \$207,000 quota, was raised.

NEXT WEEK—Martha O'Driscoll in "Under Western Skies" at the Palm Springs Theater, Wednesday, Thursday and Friday of next week.

Open Meetings to Acquaint Parents With School Work

A course of six weekly meetings in Parent Study opened this week at the Frances Stevens School, under the auspices of the Desert School District Guidance department, with more than twenty mothers attending. The discussions, centering about the main topic, "What is Our Present-Day School Teaching", are being lead by Mrs. Yula Moore, district counselor.

"Many parents are asking questions about the present day school," Mrs. Moore reported, in explaining the reasons for planning the course, and went on to say, "The early school days of those who are now adults were so different from the experiences of their children, that they become curious about apparent changes in curriculum."

"Then too, parents ask why these changes have been made, and if the schools in these times are giving children the education they need for coping with life."

"And, again, since the job of parent-hood is now being recognized as an extremely important one, and parents are thought of as educational agents rather than mere patrons of the school, they naturally inquire how they may work together with the teachers."

Outlines for the course were made at the meeting, the topic for the class next week being, "Present Day Aims and Methods in Teaching The Child to Read." Three demonstrations are being planned, one to illustrate the reading readiness program, one to bring out the ways in handling the beginner, and one to show the importance of reading in the higher grades.

The meeting is scheduled for 9:30 Wednesday, April 11, and it is open to anyone interested.

Fish, Game Group Discusses Laws, Routine Affairs

Discussion of legislation affecting fish and game matters in the state, routine local business and other matter of importance to the group, were discussed Monday night when the local fish and game conservation association met at the fire hall.

President Harold Lineau presided.

Staff Appointed For Palm Springs Squadron of CAP

Squadron Commander Ed Stephens of the Palm Spring squadron of the Civil Air Patrol this week announced completion of his staff which will serve with him to guide the affairs of the local CAP.

Norval Kelley is executive officer; Billy Behneman, adjutant; Bill Elliott, training chairman; Elaine Jones, communications officer; Walter Kofeldt, publicity director; Dr. H. M. F. Behneman, medical officer; Muriel Fulton, supply officer; Harry Van Corp, transportation officer Dr. E. E. Oertel, intelligence officer.

More than 50 were present at this week's training session at Frances S. Stevens school Tuesday night. A large group came over from Coachella and Indio to join the local squadron.

Next week's session will be held Monday night at Palm Spring high school.

The Welfare and Friendly Aid sounded another appeal for articles of clothing for the needy of the Village.

Clean clothing may be left at the Health Center, East Amado road.

Area to North of City Bright Spot In ARC Campaign

When the Red Cross drive was completed and Chairman Carl Haymond made an analysis of the various communities contingent to Palm Springs, he discovered that the Desert Hot Springs area had far exceeded its record of past years. This area is composed of Desert Hot Springs, Bar-B-H Ranch, White-water and Garnett Valley. Although it covers many square miles of desert land, the population is limited.

Civic pride ranks high in the Desert Hot Springs area, and Mrs. Mosier, who is a Red Cross enthusiast was appointed chairman for the Funds campaign. Practically every citizen in the area was placed on her committee. A rodeo was held at Bar-B-H ranch, auctions of all types were on the calendar of events, and the ladies went all-out for social events which netted tidy sums. When the drive ended, Mrs. Mosier handed Chairman Haymond a check for \$1900, which is more than double the contribution from this area last year.

Those who assisted Mrs. Mosier were Mmes Moore, Duncan, Claxton, Davis, Neely, Youngman; and Messrs Gentile, McDonald, Carriage, Meeks, Green, Dietz, and Wright.

Loading Zone Plea Filed by Ted Reed

Application of Ted Reed of Reed's Radio Shop for permit to establish a loading zone before his place of business at 342 North Palm Canyon drive was presented council, Wednesday.

The application was referred to City Manager Ray Sorum.

For Essential Transportation—Yellow Cabs. Phone 4444.

Many Villagers to Donate Blood at Riverside April 16

A full quota of Villagers will go to Riverside a week from next Monday to donate blood for the war effort, Mrs. Madge Holderman, public health nurse, said this week.

Registrations for blood donation when the Red Cross Mobile unit visits Riverside, closed Tuesday with the quota for Palm Springs filled.

The mobile unit which was last at the county seat on Feb. 5, will be there again April 16.

Many of those who registered with Mrs. Holderman are re-donors, having visited the bank on previous occasions.

Large Throng at Desert Inn for Catholic Party

One of the most successful annual card parties ever staged by the women of Our Lady of Solitude, Catholic church, was that staged last Tuesday in the Palm room of the Desert Inn, donated for the occasion by the hotel management.

Mrs. Armand Turonnet was chairman for the event with Mrs. Tom Holland in charge of ticket sales and Mrs. Earl Hough as treasurer.

Get Acquainted With Your Village Businessman

Photo by Bernard of Hollywood

Today, meet Jo W. Brimer, native of Knoxville, Tenn., born March 4, 1907, resident of this area for 16 years. He's in the electrical contracting business and his activities extend from Arrowhead to El Centro but he makes his home here. The local offices of the Coachella Valley Electrical company are in the Carnell building. The company is composed of the Villager's father and his three brothers. He manages it for them as the brothers are all in uniform overseas and his dad is here with him.

His greatest ambition is to retire to a ranch he recently bought near La Quinta.

William D. Dean On Library Board

Council Wednesday night, confirmed the nomination by Mayor E. E. Theriault of William D. Dean to the Welwood Murray Memorial Library board.

Mr. Dean succeeds the place formerly held by Jean Armstrong who has moved from town.

He has the distinction of being the first man to fill this feature who did not brag about his children. He hasn't any. He isn't married.

His greatest recreation is riding and he has been in several gymkhanas, also western parades here. He is extremely active in American Legion affairs being an active member of Owen B. Coffman post here.

He is also active in the newly organized Palm Springs squadron of the Civil Air Patrol.

Among other activities, he organized the Palm Springs Contractors' association. He's a busy Villager.

City Planners Terms Fixed by New Measure

A resolution setting forth the terms of members of the planning commission to end confusion which followed interim resignations and appointments, was adopted by the council Wednesday.

One term expires August 30, 1945, that of George Roberson. Term of Gordon Feekings expires August 30, 1946; terms of Harold Hicks and William Dean expire August 30, 1947, and terms of Harry Williams and Charles Burket expire August 30, 1948.

Subdivision Given Approval

Council Wednesday accepted the map of the Del Desierto subdivision following recommendation to that effect by the city planning commission.

Reflecting increased activity in the Village, City Attorney Roy W. Colegate reported that in six years only one sub-division map has been submitted to the planners for approval. Then, at their recent meeting, there were three in one day.

Contributions Again Asked by Welfare Group

The Welfare and Friendly Aid association this week sounded another appeal for articles of clothing for the needy of the Village.

Clean clothing may be left at the Health Center, East Amado road, others at the Red Cross headquarters or by contacting Mrs. George B. Davies, in charge of the collection.

Baby Killed in Auto Accident

A 19-month-old baby was dead and his soldier father was in Torney General Hospital as result of a freak crash on Highway 99 at Garnet, Tuesday. Name of the soldier was withheld by military authorities.

The serviceman's car, disabled, was being pushed along the highway by an automobile driven by P. L. Brown when it collided with a truck driven by Lowell Dayley of Fontana.

The child was killed instantly. The father was not seriously injured.

DeMolay Chapter Attends Special Banning Meeting

Members of Palm Springs chapter, Order of DeMolay, attended a special meeting last Saturday evening at the lodge rooms of San Geronimo Lodge, 668, F. & A. M.

In attendance, as representatives of the advisory council, were Chairman Bryson Amos, Richard Outcault, Charles Hill, James Henderson and Chester Hooper. A delegation of Masons from Coachella Lodge No. 476, F. & A. M. was also present, indicating a rapidly growing interest in the activities of the local chapter.

The Initiatory degree was conferred upon Homer Ray Beard and Bernard Ray Doyle of Palm Springs; James Philip Ellis of Banning; and Sam Morgan Guyton, Jr., of Cathedral City. These four candidates will receive the DeMolay degree on Tuesday evening, April 10 in San Bernardino. At that time, Hollywood Chapter will make the trek out to San Bernardino to conduct joint ceremonies in that city.

Miss Louise Peel At Stephens' Office

Miss Louise Peel, public accountant, is now associated with the office of Edwin Stephens at 482 North Palm Canyon drive. She is well known in the Village, having serviced many accounts for Palm Springs residents for the past six seasons.

Building Record Up \$1480 in Past Week in Village

Three permits issued during the week brought the April building total for the month to \$1200.

For the year to date, 87 permits valued at \$218,025 have been issued by the city building department. Permits for the first quarter, ending March 31, represented a value of \$216,825 in 84 permits.

Permits issued since last Wednesday were:

MARCH 29—

James Cavagnaro Takes High Post In Transamerica

James F. Cavagnaro, formerly of New York, had today been appointed senior vice president of Transamerica Corporation, according to announcement by A. P. Giannini, chairman of the board of directors.

Cavagnaro, who has been a vice president and a director of Transamerica Corporation and its predecessor since 1919, will now make his headquarters at the San Francisco home office of the corporation.

Born in New York, Cavagnaro's long career in the financial and banking world began in that city in 1904 when he joined the staff of the Savoy Trust Company. Eight years later he

became associated with the East River National Bank of New York and was still with that organization in 1918 when A. P. Giannini was called to New York to develop the bank.

Cavagnaro assisted Giannini in the organization of Bancitaly Corporation, predecessor of Transamerica Corporation, which took over the East River National Bank in 1919 and later merged it with the Bank of America of New York.

Cavagnaro remained as a vice president with this organization until it was acquired by the National City Bank of New York in 1932, at which time he was appointed New York representative of what is now the Bank of America NT&SA, the California state-wide branch banking institution. It is from this post he now comes to San Francisco to assume his senior vice presidential duties with Transamerica Corporation.

DECORATED AT TORNEY—Left to right, Cpl. George P. Georgiow, Los Angeles, the Bronze Star Medal; T/5 James Roby, North Hollywood, the Bronze Star Medal; S/Sgt. Robert M. Craven, Colton, two bronze oak leaf clusters to the Air Medal and the Purple Heart; Pvt. Esquipula R. Dominguez, Piru, Calif., a bronze oak leaf cluster to the Purple Heart, and Lt. Col. James E. Vickers, Los Angeles, the Purple Heart. (Official U. S. Army Photo.)

Patients at Torney Awarded Medals For Heroism in Action at Ceremonies During Retreat on Hospital Grounds

Two Bronze Star Medals for distinguished meritorious achievement while serving with the Armed Forces, two Bronze Oak Leaf Clusters to the Air Medal, two Purple Hearts and one Bronze Oak Leaf Cluster to the Purple Heart were presented at Retreat ceremonies to men now receiving care at Torney General Hospital.

Youngest soldier to be decorated was Cpl. George P. Georgiow of Los Angeles, 20-year-old son of an Athenian emigrant, who as a member of a forward observation party in Normandy, approached within 75 yards of well fortified enemy position, in the face of terrific artillery and automatic fire, to make accurate observation and direct fire orders which resulted in destroying the enemy strong points, and the taking of 300 prisoners in addition to those killed and wounded. His citation states "Cpl. Georgiow's intrepid action served as an inspiration to his comrades and reflects great credit upon himself and the entire military service". He was injured shortly afterward and has been hospitalized at Torney since last August.

IN NEW GUINEA

T/5 James Roby's Bronze Star Medal was awarded for his achievement with the "Alamo Scouts" of the 1st Cavalry Division who landed at Hollandia, Dutch New Guinea, in enemy territory, penetrating to a point 25 miles removed from the nearest friendly outpost to gain valuable information for later operations. During the four days the party remained in the area on reconnaissance they were in constant danger from the Japanese, 200 of whom they contacted during the patrol. Due to heavy surf which capsized their rubber boat when they were to be evacuated, the party was forced to walk to the nearest outpost without weapons and through territory frequented by the enemy. As their only means of defense they fought off the Japanese whom they contacted, with pieces of driftwood. T/5 Roby's conduct during the entire period is described as "exemplary". He has been hospitalized at Torney for the last several months.

MORE REWARDS

S/Sgt. Robert Craven of Colton who served with the 8th Air Force as an aerial gunner on a B-17 received 2 Bronze Oak Leaf Clusters to the Air Medal previously awarded for exceptional meritorious achievement while participating in heavy bombard-

ment missions over enemy occupied Continental Europe, and the Purple Heart for injuries suffered last June 22 on a mission over Paris. Before this final and extremely hazardous mission, Sgt. Craven had completed 19 missions over Germany and German held territory. His citation reads "The courage, coolness and skill displayed by S/Sgt. Craven upon these occasions reflects great credit upon himself and the Armed Forces of the United States".

Lt. Col. James E. Vickers who arrived at Torney, January 22, was presented the Purple Heart for injuries sustained December 19, while on duty at Ormoc, Leyte, as evacuation officer and assistant surgeon with the Eighth Army. Previously he had participated in the Hollandia and New Guinea campaigns. Col. Vickers is a graduate of the University of California at Los Angeles and the University of Southern California Medical School.

MEDAL FOR WOUNDS

Bronze Oak Leaf Cluster to the Purple Heart was received by Private Esquipula R. Dominguez of Piru, Calif., for injuries sustained last October 2 at Castle del Rio, Italy, while serving with an infantry regiment.

Still confined in bed and unable to attend the ceremony, 1st Lt. Donald B. Hettle received the Bronze Star Medal in his hospital room from Captain E. O. Rinehart, commanding officer of the detachment of patients. The decoration was awarded for gallantry in action last May 25 while serving in Italy with an armored regiment.

All decorations with the exception of that of Lt. Hettle were presented by Col. A. B. Jones, commanding officer of the hospital, who was assisted by Lt. Col. C. M. Prince, executive officer, and Second Lieutenant R. M. Danow, adjutant. Music for the occasion was furnished by the Ferrying Command Band.

Soybean milk is used quite extensively in China instead of cow's milk.

Rare and Beautiful Specimens From Village Gardens on Display at Annual Flower and Hobby Show of Women's Club

By MARTHA FORWARD

Disproving the old adage that, "Full many a flower is born to blush unseen, and waste its sweetness on the desert air," the Annual Flower and Hobby Show at the Palm Springs Woman's Club on Monday afternoon brought out rare and beautiful specimens from gardens, roadside and desert washes. All exhibits, from "roses to weeds," were of flora which grows in and around Palm Springs. Balance and artistry of arrangement took precedence, except in a few instances, over specimens.

Miss Helen Eadie, of San Bernardino, Mrs. Ernest Elmer, of Sioux Falls, South Dakota, and Mrs. Oliver Rousseau, of San Francisco, judged the show and gave the awards. Miss Eadie, recently returned from Mexico, is an international lecturer and authority on flora and flower arrangements. Mrs. Elmer is also a recognized lecturer and demonstrator of flower arranging—her specialty is supervising flowers and flower arrangements for weddings. Mrs. Rousseau is an avid garden club devotee and a recognized flower authority in the bay region.

MISS FIELDS WINS

Miss Teresa Fields won the sweepstakes award for her arrangement of giant ruffled petunias in amethyst glass bowl on black onyx base. The award was a color photograph, made by Mrs. Gladys Taylor—color photography being one of Mrs. Taylor's many hobbies. Amateur short-wave radio is also another hobby of Mrs. Taylor. She became interested in amateur radio when her brother, WTAQX, located in Oregon, had his 1 kilowatt transmitter on the air. They arranged for weekly schedule when her mother and the family could get together via the air for radiofane visits. They have ten countries listed on their distance reception, and worked all nine districts in the United States, and all provinces of Canada. Her brother has the record for 110 consecutive qsl's (contacts) to the East, W9EEDW.

In the group of mixed, natural and simple arrangements, the awards went to Mrs. Bradstreet Miller, Mrs. Natt McDougall, Mrs. Florence Shelly and Mrs. K. B. Kirk. Miss Shelly's was a large, flat, turquoise bowl from which ascended golden roses and pansies. Mrs. Kirk achieved color harmony with roses, callas and snapdragons in an antique glass epergne.

ARTISTIC DISPLAYS

The flower arrangements with figurines were artistic achievements in proportion, balance and rhythm. Mrs. George Bradley combined creams, browns and yellows with a peasant girl carrying yellow lentana in her arms. Miss Florence Shelly's figurine of a girl in cocoa brown dress carried sprays of bridal-wreath. Miss Teresa Fields' arrangement of a lake of pansies in low cream bowl, centered a white figurine with white birds hovering over. Mrs. Natt McDougall's porcelain Dutch girl carried her apron full of pastel pansies.

The Chinese arrangements were traditionally oriental. Mrs. William B. Malouf had posed a mediating figurine of turquoise coloring beneath overhanging branches of the dahlia tree. Mrs. K. B. Kirk combined an intricately carved soapstone receptacle with snapdragons in a carnelian color harmony. Mrs. F. W. Camp's

PEO Chapter to Be Organized in Palm Springs

Plans for the organization of a PEO chapter in Palm Springs were furthered at a Reciprocity Tea of PEO members and friends at the home of Mrs. George S. McClure, 349 Via Altamira. Groups from the Banning, Indio, Coachella and Riverside chapters attended to meet members wintering here and residents of the city.

It was decided to organize a local chapter with Chapter KG of Banning sponsoring the group. Mrs. Fay Brainard delighted the gathering with a group of three lovely songs. She was accompanied by Mrs. Jack MacDonald.

deserved consideration by Mrs. F. W. Camp, Mrs. F. W. Cutler, Mrs. Harrison Leussler and Mrs. George Braley. Mrs. Camp placed rich, red roses in a richly carved old silver bowl. Mrs. Cutler used an old silver chalice for a container for her Talisman roses. Mrs. Leussler chose sparkling crystal to hold yellow roses, and Mrs. Braley complimented mixed colors with a blue bowl.

Mrs. William A. Lippman and Mrs. Harrison Leussler awards for their arrangements of the indigenous petunia. Mrs. Lippman placed masses of white petunias in a large turquoise bowl and Mrs. Leussler scored a double triumph with white petunias in a black bowl—a study in black and white—and mixed petunias in a low, square pottery bowl.

The sweet peas flaunted their bonnets in a silver-footed cut glass bowl, wearing pinks and lavenders, for Mrs. B. F. Shearer. An old oriental bowl of Mrs. Shearer's held pink sweet peas. Mrs. Grace Upham Bigelow's "Palm Springs-Heinz" (47 varieties) were placed in a mauve pottery vase standing in a wooden Mexican tray painted in vivid blue with decorative flower design.

MERITORIOUS AWARDS

Meritorious awards went to Mrs. William A. Lippman for her miniature arrangement of tiny white flowers in a miniature glass bowl; to Mrs. Raymond R. Wilson for a tall glass vase, of classical line, encrusted with bronze filagree set with turquoise stones in which was a leafy arrangement of a rare tropical vine, and also for her pink roses in translucent pink bowl with a family of miniature rose quartz rabbits nestling under the rose petals; to Mrs. Grace Bigelow for a striking color note in her arrangement of deep coral castor bean pods in an old Chinese brass bowl and tray encrusted with the patina of centuries; to Mrs. F. W. Cutler for her enormous specimens of pansies; and to Mrs. George Braley for her giant specimens of ruffled petunias. Mrs. Raymond R. Wilson also received a special award for her golden sphere surrounded with golden coreopsis, reflecting on a mirror flanked with golden candles in shining gold candlesticks.

All of the lovely exhibits deserved special award and the judges were loathe to confine their opinions to three or four in each section.

HOBBY SHOW JAMMED

There were so many exhibits in the Hobby Section that some of the choicest ones were packed and whisked away before we could cover the entire display. We noted a unique replica of the spa at Desert Hot Springs created by Mrs. J. Marie Ropp, curator of the "Little Gallery of The Desert in Garnet Valley of The Palms," at Desert Hot Springs. Then there was a display of rare Japanese batiks by Cynthia Holding which she had collected during her extensive travels, and her own creative art was displayed in numerous pieces of needlepoint. Mrs. George B. Davies also exhibited several of her pieces of needlepoint. Mrs. Walter Illick brought her collection of lovely old lacy fans which she displayed on a white Spanish shawl. Mrs. Grace Bigelow displayed a small gallery of family miniatures and a rare old mandarin coat from a museum collection. Mrs. John F. Forward reflected the romance of Chinese art in her collection of Sung, Ying Chi'ng and Ming vases and old Chinese brocades. Mrs. Levering Moore contributed a small gallery of her oil paintings. Mrs. Guy Pinney brought pieces of old silver, jewelry and some of her rare old teapots. Mrs. Horace Armstrong's valuable collection of paper weights and Mrs. Emil Wagner's wood-carvings added to the collection. Mrs. Harry L. Northern's hobby was revealed in the miniature cream puffs and chocolate e'clairs, decorated with tiny pink flowers and green leaves, which were served with

Easter Week-End Festive Occasion at Desert Inn With Many Gay Parties and Outdoor Sports Attracting Many Guests

Those lucky enough to acquire a reservation at Desert Inn for over Easter week have glowing tales to tell of their 'fun in the sun'. As is usual at this time of season, all school agers were about the grounds in their open-topped cars, on bicycles or gaily skipping along the streets arm-in-arm. Many of the evening festivities were planned for the teen-age group, and one of the most popular programs at the Inn was the rhumba classes staged in the Fiesta House during the early evening hours. Of course, the daylight hours found all joining the water sports around the pool, where the youngsters vied with each other in trying to acquire the best tan.

Nine New Members Bring Girl Scout Troop Total to 22

Celebrating Juliette Low week, Palm Springs' Girl Scouts of Troop III met Wednesday at the Girl Scout Little House for an Investiture ceremony.

Gathered together on the grounds of the Scout House, the girls formed a horse-shoe around the camp fire and officially welcomed nine new members into their troop. Officiating were Troop Leader Mrs. Jean Nagle, and Troop assistants, Mrs. H. C. Fulton and Mrs. Charles Emerson.

The program was opened with the Flag ceremony. The American flag and Girl Scout Troop flag were carried by Troop Three's Second Class Scouts, Betsy Jones, Jane Sponsler, and Judy Spaulding. Following this ceremony, the Scouts recited their laws and promise.

Then the troop leader, Mrs. Nagle, awarded pins to the following girls, Barbara Connell, Mary Coutts, Donna Sorum, Dixie Smith, Sandra Small, Bea Bailey, Norma Jean Smith, Betty Wright, and Patty Karge. This brings the number of registered Girl Scouts in Troop III to twenty-two.

Intermediate Scouts Gather for Gay Outing

Twenty-three Intermediate Girl Scouts of Troop II gathered for a cook-out Saturday evening, six o'clock, at the home of Mrs. Yula Moore, 624 Vista De Ora. Under direction of Troop Leader Mrs. Pauline Smith and Troop Assistant Mrs. Christine McDonald, the Scouts earned their cook-out badges. Baked potatoes highlighted the barbecue around an open fire.

Following supper, several Girl Scouts staged a musical program, thus earning their music badges. Dion Nielson sang, accompanied by Mary Pendery on the piano. After several other numbers, the entire group of Scouts made a phonograph recording of "Above the Plains" (a Girl Scout song) and "The Star Spangled Banner".

Guests for the evening included Mrs. Beatrice Nielson and Miss Margaret Compton.

the tea. Mrs. Bigelow, Mrs. Holding, Mrs. Illick, Mrs. Wagner and Mrs. Forward gave short talks about their hobbies and collections.

Mrs. A. V. Linkletter's "White Elephant" booth was immediately raided by enthusiastic bargain hunters leaving nothing for the late comers.

Preceding the Flower Show, Mrs. William A. Lippman, the club's president, presented her gavel to Mrs. John Sprague who will fill the chair next year. Mrs. Sprague made a short acceptance speech and introduced to members the new board who will serve with her.

DELIGHTFUL PROGRAM

Miss Patricia Fowler, young daughter of Mrs. Violet Fowler, sang a number of delightful songs preceding, and during the show. She was costumed in a quaint, white gown and carried a little nosegay of flowers.

The club rooms were decorated beautifully with white columns supporting white vases filled with snapdragons by Mrs. William B. Malouf, chairman of the flower section, assisted by Mrs. Holly Lash Visel, Mrs. Armand Turronet and Mrs. K. B. Kirk, who also helped her to arrange the show.

Mrs. Thomas M. Holland, chairman of the tea committee, was assisted during the tea hour by Mrs. Harry L. Northern, Mrs. Myron V. Wilson, Mrs. Gordon M. Clarke, Mrs. Frank W. Cutler, Mrs. Gordon D. Nicholson and Mrs. W. M. Davis. Mrs. Cutler and Mrs. Nicholson presided at the tea table.

Miss Helen A. McCallum, general chairman of the show, Mrs. William B. Malouf, chairman of the flower section, and Mrs. Emil Wagner, chairman of the hobby section, deserve much credit for the outstanding success of this annual event.

Trading the coast weather for a week of dry air and hot sunshine are Mr. and Mrs. Ed Winchell with Joan and Edward, Beverly Hills; Mrs. Freddy Martin and her young son made their annual trek here from Los Angeles; Mr. and Mrs. James Gibson, Los Angeles; Mr. and Mrs. Arthur Bourne with Stephen and Douglas, Glendora; Mr. and Mrs. Leslie Kelly, Bel Air, who will stay through April 5.

DOWN FROM HOLLYWOOD

Mrs. Paul Reynolds, with her son, Jim Martin, had a week from their home in North Hollywood. A San Marino group getting a head start on their summer sun-tans included Mrs. E. J. Wells, Miss Helen Wells and Miss Virginia Sherman.

Little Peggy Anne Garner, who recently made such a success in "A Tree Grows in Brooklyn" as Francie, was with a party enjoying an Easter holiday at Desert Inn.

Mr. and Mrs. Don Keeler checked in for another extended visit at their favorite winter vacation spa, and this trip will call Desert Inn home until April 8. Another family staying until the week after Easter is Mr. and Mrs. F. R. Long with their children, Sue and Virginia, all of Beverly Hills.

EASTER BREAKFASTS

Following the impressive morning Easter services on the mountain overlooking the Desert Inn grounds, a number of breakfast parties were given in De Anza room of the Inn. Mr. and Mrs. James Newton Lott, who are vacationing here from Evanston, Ill., were hosts at the early morning breakfast. Seated with them were Dr. and Mrs. Henry S. Reid, Mrs. Carl Phillips and Mr. and Mrs. Karl Kumpe.

Members of the choir and others taking party in the morning services met after the ceremonies for Easter breakfast at the Inn.

BIRTHDAY PARTY

Mr. and Mrs. James Patrick, who are spending this month at Desert Inn from their San Francisco home, entertained Monday evening to celebrate Mr. Patrick's birthday. Those invited for cocktails and dinner in De Anza room were Mr. and Mrs. Edward Bacon, Mr. and Mrs. George Whitney, Mr. and Mrs. Edward Ward, of San Francisco; Mr. and Mrs. Robert Ward, Edward Ward, Jr., Mr. and Mrs. Edward Peterson, San Francisco; Mr. and Mrs. Albert Roller, San Francisco; Mr. and Mrs. "Buke" Waters, San Francisco, and Mr. and Mrs. George Roberson.

Villagers Unite In Observance Of Anniversaries

The wedding anniversary of Mr. and Mrs. Henry L. Smith of the Acme Electrical company falls on April 2, that of Mr. and Mrs. Frank Doro of the California Electric Power company, on April 3. Being close friends, it's only natural that they celebrate together, one year on April 2, the next on April 3.

This year the observance of the anniversaries was observed Monday, April 2, at a dinner at Joe Felix's Waikiki with special numbers dedicated to the foursome by the members of the Waikiki show.

The Smiths celebrated 20 years of married life, the Doros, 16.

Luncheon Meeting Held by Gray Ladies

A luncheon meeting of the Tuesday group of the Red Cross Gray Ladies was held at La Cita this week. Present at the meeting were Mrs. B. F. Shearer, Mrs. Stanley Rosin, Mrs. Irving Snyder, Mrs. H. L. Hansen, Miss Marion Huntington, Mrs. Wm. Eisenman, and Mrs. Frank Purcell, captain of the day.

Home Owners Discuss Plans

Members of the board of trustees of the Home Owners' League of Palm Springs this week met at the home of Frank W. Cutler, 348 Merito place, to discuss matters of interest to the association and to map plans for future activities of the group.

Members of the board are Mr. Cutler, chairman, Francis F. Crocker, William A. Lippman, Kenneth Kirk, John Hormel and Lloyd Simon.

Village Will Join Protective Group

Palm Springs will join with other cities in the state in a mutual protective group whereby local police will aid those of neighboring cities in case of emergency and police from other cities will augment the local force when needed.

A resolution setting forth the city's intention to participate in the plan was approved Wednesday by council.

Odus Pellum was granted a permit to establish a wood yard on North Palm Canyon drive, subject to approval of the planning commission when his application was presented Wednesday.

Asks Probation In Auto Theft

Mylo A. Phillips of Long Beach, one of a trio accused of stealing an automobile here, pleaded guilty in Judge G. R. Freeman's superior court at Riverside, Tuesday, and filed a plea for probation.

He was accused of grand theft, auto, and burglary, the latter charge in connection with a raid at La Quinta. He has three prior convictions on his record.

Judge Freeman set April 23 as date for the probation report. Phillips and his companions were staying in Cathedral City at the time of the theft.

Broadcasting Plan Presented Council

Richard W. Joy and Donald C. McBain appeared before council Wednesday to outline plans for the Palm Springs Broadcasting company and to answer questions by councilmen.

It is proposed to erect their station on the north end of the Village. Mayor E. E. Theriau referred the matter to the public safety committee for further study.

KEEP CATHEDRAL CITY CLEAN AND BEAUTIFUL

DUST IN OUR EYES!

Let's not make a dust bowl of Cathedral City. Stripping the lots of their shrubs means dust and more dust, besides destroying the natural beauty of the desert.

There are no "weeds" on the desert. Climatic conditions do not permit rank growth as in places of more abundant rainfall. Plants that conquer this climate deserve respect.

Cleaning off lots does not mean uprooting shrubs. Granted that some shrubs look disorderly, trim them, clear away the debris and rough gravel and the results will be quite gratifying. At their worst, the shrubs look better than bare dusty lots. Cleared off spaces that resemble abandoned city parking lots are not an asset to our community.

If we want to be energetic there are still plenty of tin cans and trash to be gathered together for disposal.

CIVIC IMPROVEMENT ASSOCIATION,
Cathedral City.

Cathedral City

Cathedral City contributed more than \$7000.00 toward the Palm Springs Community Hospital but I am sorry to say that we did not make the quota that would entitle us to the plaque for having given a room. The contribution of Walter Melrose went to various Palm Springs quotas. At least \$300.00 went for theater passes. High school, churches and fraternities received some of it. Our Chamber of Commerce reimbursed your local director of the hospital for the \$50.00 promotional donation. From Prof. James W. Kyle who headed the drive here I have totals of solicitors which amount to \$1608.00.

In fairness to our sister community of Rancho Mirage and Rancho del Sol contributions included with ours were secured by their able resident, Mrs. Estella Ewart, while workers in the village included Mrs. Willard Price, Frank C. Russell, Mrs. Allen McMahan, Robert Hillery, Ralph McLearn, Jas. K. Wolseth, Fred Springer, Mrs. Leo Singer, Mrs. Helen Mandravelis, Rev. J. C. Abels and Mrs. Ella Dorn.

I'm still chuckling over the name given the new Larrison ranch or maybe it's a rancheta. Anyway a series of ranch parties have been going on lately and the last one held at Mrs. Don Mahers' ranch home at which the supper was served outdoors. Because the Larrisons have stocked their place with chickens and a cow, among other things, the name is vivid, "Cackle and Squire Ranch". John Palmer of Bullocks displayed a talent that was not known before by his friends and painted a large sign with embellishments.

Cathedral City Chamber of Commerce met Tuesday night and I understand that President James K. Wolseth was absent, as well as Vice-President Frank C. Russell. Past President Claude S. Cobb, who seldom ever misses a meeting, was called on to conduct the session.

The recent membership drive netted 68 new members, 53 of them by Capt. Edna E. Cobb, and 15 by Capt. Carl Higgins. I'm on Carl's team and I want to notify my friends that on Saturday night of this week at Town Hall, I shall, with the rest of the losing team, furnish food and comfort to the winners. I am told that our crushing defeat is primarily due to Mrs. Ella Dorn who was "high man" in securing new members. Guess most of the drives are over and there was a veritable shower of them this winter. Between the Cactus Jumpers Jam-boree and this drive, the treasury which was thin, to say the least, now shows a balance of \$1410.00. I believe that is the figure given me by Mrs. Marie Ide. Sanitation came in for discussion and I wish I could get word to some of our worthy but misguided villagers that if you are one of those who are dumping garbage in the wash or at the end of streets or any other place handy for you, that you are playing with dynamite. Our pick-up service is adequate for our village and if it is not used, there will be some high blood-pressure attacks for Dr. Leon M. Wilbor to attend to.

The report of W. R. Hillery on action taken to withdraw from the Coachella Valley County Water Districts Storm area and to join the proposed County District was accepted and approved.

The street work being done by the Civic Improvement Association was reported on. It was decided to sand and finish the floor of Town Hall and to place an ad in the forthcoming Pictorial. Mrs. Harriet Cloglazier is secretary of the Chamber of Commerce.

I rather have a hunch that while the beautiful and combined library and art gallery building which is being promoted, is still in the promotional stage that we who have been contributing to a library shall have to plan a temporary structure that will tide us over. Town Hall will need all its floor space before long and we are accumulating more books all

the time. This thought is prompted by the fact that on my return trip from Los Angeles, Tuesday, I brought with me 209 cloth-bound books and 73 paper-bound books. These have been placed in boxes with several hundred other books in storage, waiting for adequate space to house them.

The Easter service at the Community church was attended by the largest congregation ever assembled in Cathedral City.

Mrs. Virginia Osburn, a well known radio and concert singer, rendered "Angels Roll the Rock Away," and Mr. Norman Lawrence of Alhambra played "The Holy City" on the cornet.

A special offering was taken for the War Work fund of the Presbyterian church. The Rev. John C. Abels delivered an impressive sermon from the text, "And now is Christ risen from the dead." Mrs. Lewis Duncan accompanied Mrs. Osburn.

Mrs. Ernest Elmen of Sioux Falls, South Dakota, gave a dinner party at the La Cita Hotel Saturday, March 31, in honor of the fifty-eighth wedding anniversary of her parents, Mr. and Mrs. H. P. Lee, of Pomona, who have been spending several weeks in Cathedral City.

Mrs. Lee's place was marked with a pink and lavender sweat pea corsage and place-cards for guests were ornamented with California shell flowers. The table center piece was an arrangement of pansies. The angel food wedding cake was surmounted with a colonial design of sweet peas and rose buds.

The guests were Mrs. Freda Boda, Chicago; Mr. and Mrs. Herman Stuebing and Rev. and Mrs. John C. Abels.

Perhaps You've Money Coming From Uncle Sam

Have you changed your address since filing 1943 income tax returns?

Harry C. Westover, collector of internal revenue for the southland district, said this week that his department was unable to deliver more than 30,000 tax refund checks because the intended recipients have moved and the postoffice cannot forward U. S. treasury checks.

Persons expecting checks but who have moved and have not received them are urged to send their full names, old and new addresses and social security number, if any.

PROMOTED — Nicole (Nick) Mutascio, above, well known local youth, has won his corporal's stripes after three months service overseas. He is the son of Mr. and Mrs. Harry Mutascio of the Village.

Nick Mutascio Now Wearing Corporal Stripes in France

Nicole (Nick) Mutascio, son of Mr. and Mrs. Harry Mutascio, prominent villagers, and a native son of Palm Springs, who has been serving in the U. S. army medical corps overseas since last December, is now a corporal, his family here was informed this week.

Cpl. Nick Mutascio, prominent in Palm Springs high school affairs when a student there, and who won the Owen B. Coffman Post, American Legion, choice to attend the annual Boys' State at Sacramento, went into the army on January 27, 1944. He was a mid-year graduate. From Palm Springs he went to Camp Berkeley, Texas, for training in the medical corps and then went to Atlanta, Ga., where after four months of study, he graduated as an X-Ray technician.

In December, last year, he was transferred to England and later to France, where he is now serving with a medical unit at a gen-

Cathedral City Plans Art Show

Plans were completed today for a two-day art show to be staged at the Agnes Pelton, Corner of Chaperosa Lane and E street, Cathedral City. The free public art show will be held tomorrow and Sunday.

Exhibiting artists are Agnes Pelton, Matille Priggs Seaman, Carl Sammons, Lucie Kuehlborn, Kurt Reineman, Nancy Kranth, Else Ladenburg, Christine Lillian, James Wolseth and Charles Small.

A large attendance is anticipated.

eral hospital.

He was awarded the Good Conduct medal recently.

While in high school here, besides being the choice to attend Boys' State, he also was class president in his Sophomore year and was a three-year letterman in football and basketball and a one-year letterman in track.

Hitchner Home Scene of Gala Spring Affair

Mr. and Mrs. A. A. Hitchner were hosts at a delightful affair ushering in the spring season at their home on Avenida de Los Palmas. The elaborate setting for the festivities was the beautiful estate, Casa Joaquina. After darkness had fallen the patio around which the house is built was flooded with beautiful lighting effects, bringing out the rose and fruit gardens at the sides and the acre and one-half of desert, landscaped by the former owner, the internationally known artist, Marius de Brabant. Hollywood producers who have viewed the lighting effect have termed it the most spectacular and beautiful in this part of the country.

Guests of Mr. and Mrs. Hitchner were:
Messrs. and Mmes. Paul Belding, William Malouf, Kenneth Kirk, Frank Davies, Oliver Rousseau and their attractive twin daughters, Darsie Lloyd, Walter McManus, H. Hines, Mmes. Dennie Jones, Noble Banks, Ona Brown, Sterling Parr, Major and Mrs. Light, Miss Mary Lowry, Miss Madge Bellamy, Evelyn Parker, Grace Bigelow, Harold Moffatt, Penryn Stanislaw, William Oldenburg, M. R. Mann, Major Huhn and Lt. Hackman.

Local Girl Weds Marine Pilot at San Bernardino

Announcement was made this week of the recent marriage, on March 10, of Miss Elaine Davis, daughter of Mrs. Ann Davis of Bellard road to Lt. John Thomas Scanlon, United States Marine Corps pilot. The wedding was solemnized in San Bernardino by the Rev. Michael Rushton, at a double ring ceremony.

Lt. Scanlon is the son of the late John William Scanlon and Mrs. Scanlon of Cleveland, Ohio. He is a graduate of Rollins college, Florida, and a Kappa Alpha. Mrs. Scanlon attended school in New York and Los Angeles.

The happy couple spent their honeymoon at the Mission Inn in Riverside.

The bride was recently chosen for the "Portrait of the Week".

BROADCAST—We might have run Jack Benny's picture, but we thought you'd rather see Mary Livingstone. The Benny show will originate at Torney General Hospital Sunday afternoon. Miss Livingstone for a long time was known as the Queen of the May (company basement).

Jack Benny Show To be Broadcast From Here Sunday

So round, so firm, so hard to get.

The Jack Benny show, one of the most popular radio features, will be broadcast from Palm Springs next Sunday afternoon at 4 o'clock, originating at Torney General Hospital. The show goes out over NBC with KFI the southland outlet.

Along with Jack will be Mary Livingstone (Mrs. Jack Benny), Rochester, Phil Harris, Larry Stevens and Don Wilson. The audience will only be the army personnel of the hospital.

However, the Bennys have taken a house in Palm Springs for a month, and it may be that there will be other broadcasts originating from the desert.

Waughop Mourns "Prince", Victim Of Dog Poisoner

"Prince", 110-pound pure white police dog, the property of Doc Waughop, well known photographer, is dead.

A dog poisoner planted poison "enough to kill a horse," said the photographer, in the fenced in yard where the dog stays when his master is away. Waughop found his pal dead when he got home yesterday noon.

"When I'm home, he was never more than two feet away from me," said Waughop. "He never bothered anyone and I don't see why he was poisoned. He's been my pal for years."

"Prince" was eight years old. Police said that each spring there is a recurrence of pet poisoning and asked that all information leading to the identity of the poisoner be given him immediately.

DESERT HOT SPRINGS

Miss Katherine Finchy, superintendent of the Desert School district, and Francis F. Crocker, member of the district board, conferred with a local committee here recently to look into the possibilities of a public school for the Desert Hot Springs village.

On March 26 a school bus made its first round trip here from Palm Springs to Desert Hot Springs.

This community's fourth annual Easter sunrise service was held on the summit of Miracle hill. A. Wardman, and L. W. Coffee conditioned the road to the summit for the occasion.

Chaplain George C. Pearson of Torney General Hospital, Palm Springs, gave a sermon on "Easter the Hope of Victory".

Following the service, the worshippers gathered about the studio and trading post of Cabot Yerxa for an Easter breakfast cooked over open fires.

Honored guests were Colonel Pearson, Calvert E. Erwin, trumpeter, Wac Cpl. Helene Basse, contralto, Mr. and Mrs. H. B. John and Miss Carol John; Mrs. J. Marie Ropp, Miss Doris Rowlands, Ralph S. Bliss, E. A. Corey and Sgt. A. Gibel, Torney Hospital.

Army's Bazooka Is Versatile

The Army bazooka has been used to smash concrete fortifications, blast pockets of resistance in occupied houses, destroy enemy squads under cover, and for many other purposes, Ninth Service Command Ordnance officer said today.

35th Wedding Anniversary Celebrated

Mr. and Mrs. William J. Reynolds of Madera were guests of honor at a party given for them Friday evening by Mr. and Mrs. Charles Burket. The occasion was the Reynolds' 35th wedding anniversary.

The Reynolds have been in Palm Springs for the past six weeks and have purchased the Barton home on Prescott Drive, planning to spend the season here next winter.

Mrs. Anna Davis Entertains for Young Daughter

Mrs. Anna Davis of Seattle, Wash., and New York city, entertained with a buffet supper Thursday evening at her home, 416 South Belardo Road, the occasion being the seventh birthday of her daughter, Carole Susie.

A huge birthday cake and ice cream were served to the little guests, who were Barbara Sue Brody, Martin Spaatz, Joan Spaatz, Alfred Goldenberg, Barry Baldwin and Buzzie Rosin.

Others who helped to celebrate the event were Mr. and Mrs. J. L. Asbury, Mr. and Mrs. Al Weingarten, Mr. and Mrs. Harold West, Mrs. Margaret Marshall, Mrs. Beth Kramer, Mr. and Mrs. Henry Goldenberg, Mrs. John Baldwin and Mrs. Arthur Linder.

Los Angeles Party Guests of Wards

Mr. and Mrs. O. M. Ward were hosts to a party of friends from Los Angeles over the week-end. Their guests were Dr. J. F. Kissel of the faculty of the University of Southern California Medical school, Mrs. Kissel, their daughter Margaret and son, Ensign John D. Kissel, and Miss Bobbie Taft, all of Los Angeles.

Ensign Kissel is on short leave before reporting for duty in San Francisco. He at one time was a pupil at Frances S. Stevens school.

Shopkeeper (angrily): "What's the idea of throwing those shoes away?"

New Assistant: "They're no good. I've tried 'em on six customers and they don't fit anyone." —Exchange.

Recap Your Tires Or You May Have To Go Without Car

Almost half the passenger cars registered in Southern California need immediate tire renovation work to avoid being forced to go off the road through inability to find new tires.

This warning was issued by Paul Barksdale d'Orr, OPA district ration chief, and Clare V. Ward, state director of the National Independent Tire Dealers' Ass'n., according to information received this week by William A. Lippman, local ration board chairman.

A check by trained tire men of the association recently revealed that 46 percent of the passenger cars in this area need recapping. If this work is not done immediately the cords will be burned or carcasses damaged so that it will be impossible to retread their tires.

"This survey showed a need for recapping of over two million of the 4,800,000 tires on the wheels of Southland passenger cars," Mr. Lippman commented. "The chance of car owners being able to find new grade one passenger tires for replacement is getting smaller every day. To meet this need for two million tires, providing they are not recapped, we have an April quota of but 34,000 tires."

"Recap or lay up the car is the only answer," Mr. Lippman said.

Many Registered At Harlow Haven

Guests at Harlow Haven this week included Mr. and Mrs. Sam Perrin and Mr. and Mrs. George Balzar. Mr. Perrin and Mr. Balzar are with the Jack Benny show, which will broadcast next Sunday afternoon from Torney General Hospital.

Also registered were Walter Schack and family and R. A. Steere of Downey, Frank Beach of Los Angeles and F. W. Mix of San Marino.

Lions Club to Put Ball Team Into New Army League

One Palm Springs softball team made up of civilians under the sponsorship of the Lions Club will take part in the Palm Springs Army Air Field Softball league which will get under way on the evening of April 10, with two contests.

A schedule has been drawn for the months of April and May. Games will be played as double-headers, giving "G.I. Joe and Jane" a twin bill to watch. The games are scheduled for 7:15 and 8:30 in the evening. Beginning the session on the evening of April 10 will be a game between the administration squadron on the base against the Lions club team, and the second game will bring together the Operations Squadron Bombers and 21st Group Officers teams.

Torney hospital has two clubs in the league, one composed of medical officers and the other made up of Enlisted men. The Lions club entry is the only full civilian team in the loop. The air base supplies the other five teams for an eight-team league. The base clubs are the Administrative Squadron, Operations Squadron Bombers, Air Mechanics, 21st Group Officers, and Supply and Service Club.

A trophy has been put up to become the possession of the winning combination, according to announcement by Lt. Louis Olshansky, physical training director of the air base, who is in charge of the league. Each team has a designated manager, with H. C. West managing the Lions team and Charles LaRue serving as field manager for the Lions.

The present schedule calls for games to be played evenings on the following dates: April 10, April 12, April 17, April 19, April 24, April 26, May 1, May 3, May 8, May 10, May 15, May 17, May 22 and May 24.

Army Baseballers Grateful for Use Of City Diamond

"Thanks to you, Palm Springs," is what "G. I. Joe and Jane" (men and women in uniform) of the 21st Ferrying Group, Ferrying Division of ATC, told residents of the Village this week when the city granted the air base the privilege of using the Field Club baseball diamond during the coming season.

A softball league has been organized, with air base and Torney Hospital teams competing. The league needed a place for its games to be played. Raymond Sorum, city manager, and the city government stepped into the breach and turned the Field Club over to the softball league for two nights a week.

Lt. Col. Robert J. Goewey, commanding officer of the air base, expressed the appreciation of the 21st Group for the city's cooperation in providing the club. A double-header will be played each Tuesday and Thursday evening, beginning at about 7:15 o'clock. The games are open to the public and there will be no charge. One civilian team, backed by the Lions Club, is participating. The Army teams, like all the rest, like to have a gallery and hope that many Villagers will come out to join with "G.I. Joe and Jane" as spectators at the games.

The city of Palm Springs will maintain the ball diamond. If sufficient daylight isn't available for the second game of the doubleheaders, the city will turn on its floodlights. The league schedule begins April 10.

Maybe!

Out in Minneapolis there lives a peevish Doberman who doesn't like the family to go out and leave him alone in the evening. Accordingly, the family calls in a sitter, who is paid at the regular baby-sitting rates. A solution for the postwar employment problem, maybe.—The New Yorker.

Pay your telephone bill before the 30th and receive a discount.

Air Base Baseball Team Evens Series With Torney Nine

Two service softball teams of Palm Springs, the 21st Ferrying Group and Torney Hospital clubs, clashed in a league game this week at the air base and the 21st Group outfit came through with a narrow win by a 3-2 score. This was the second game between the base and hospital clubs and evened up the series with one win apiece.

Staff Sgt. Glenn Cartwright turned in another first-class pitching performance for the ferry-men, going the first four innings superbly and allowing no hits to the Torney crew. He was replaced by Baugher, who got into a little trouble through lack of control and allowed two Torney runs to cross the plate. The game was not a slugging fest, as the 21st Group garnered only three hits.

The box score:

Nurse at Torney Sets Example Of Patriotism

Kay Ross, popular volunteer nurse's aid at Torney General Hospital, can lay claim to a record for patriotism that is hard to match.

Since Pearl Harbor she has given 16 pints of blood to help save the lives of American service men.

Miss Ross was at Pearl Harbor when the Nips struck. She at once volunteered her service at Queens' hospital and when the supply of blood plasma gave out, volunteered for direct blood transfusions. Since then she has given 15 other donations at such scattered points as New Orleans, Atlanta, Ga.; Dayton, Ohio, and San Francisco. She plans to give more, too.

Miss Ross demonstrated her desire to aid in the war effort recently when a nurses' aide class was organized. Working at the Colonial House at the time, she voluntarily cut down her hours to attend classes, and since her graduation has served as a Volunteer Nurses' Aide during the daytime, working at her post at the Colonial House evenings.

Again A Record-Breaking Demonstration of Civic Spirit!

It is our proud belief that nowhere in this great country of ours has any community of comparable size and facilities surpassed the civic spirit demonstrated in Palm Springs Community Hospital Building Fund Campaign.

More than 700 donations with cash or checks have been received, totaling in excess of \$180,000.00.

It takes clerical help, meticulous effort and many hours of time to tabulate, classify and record properly the names of the subscribers. Therefore, the Honor Roll will appear in next week's issue of The Desert Sun instead of this issue.

Yes, we are indeed proud of this notable response and all credit is due to the wonderful civic spirit shown by the people of Palm Springs—the permanent residents and the visitors.

Watch for the Honor Roll next week. The names of all members of the Hospital Association (those who subscribed \$25.00 and more) will be included if pledges are received by Monday noon, April 9th. HELP KEEP THE CAMPAIGN ROLLING!

Appreciatively Yours,

BOARD OF DIRECTORS,

COMMUNITY HOSPITAL OF PALM SPRINGS.

"STAY ALIVE"

End confusion in diet: By burning food, we find TWO KINDS of material. One kind goes up, mixes with the seemingly AC TIVE part of nature, hence the name "AC ID" to this class. The ASH is the lime, sodium, sulphur, etc., ALKALINE, mineral elements. They quiet or neutralize acid, as soda in vinegar. The glands inherit strength but secrete life material from the minerals in food.

Scientists early discovered food principles, lived, or hoped to extend life, many years, their religion or IDEAL TO "STAY ALIVE".

Lo! A BOOK: A GREAT TEACHER! Bonnie L. Fisher, a keen mind! For years a cripple, she had time to think, to read. FOUND KNOWLEDGE A "KEY" Robbed food, the broken "Staff of the bread"—Lev. 26:26 and margin. Struggling SO to stay alive, with heart failing, to "tell" the people. (She died Dec. 2, 1945, and lies in Palm Springs Cemetery, beautiful spot!)

Order "STAY ALIVE" of copies from her hand. Address Box 314, Palm Springs, Calif. Fifty cents (her wish), depression price.

Questions answered with orders if 10 cents postage enclosed.

Red Cross Drive Chairman Thanks Sun for Support

Desert Sun
Palm Springs, Calif.
Gentlemen:

Again it is my pleasure to extend to you in behalf of the Red Cross, my sincere thanks for your wonderful cooperation in our annual War Fund Campaign.

I am happy to announce that Palm Springs again has gone "over the top", and the swell assistance afforded the drive by the Desert Sun contributed in no small measure to its success.

Our quota this year was \$26,910.00 and as of the end of March we have hit the jackpot to the tune of \$34,350.00 with a few more areas to report. In other words we are now 26% beyond our goal.

It's been swell working with you and again I say THANKS.

Sincerely,
CARL E. HAYMOND
War Fund Chairman.

Larry Schultz, manager of Desmonds Palm Springs last year, was in the Village yesterday on a visit.

Annual Report on TB Situation in County Presented

Twenty-nine of the 104 deaths from tuberculosis in Riverside county last year occurred in army and navy hospitals, Mrs. Mary French, executive secretary of the Riverside County Tuberculosis association, said Monday.

Seventy-five of the 104 deaths were civilian cases handled by the association. The 104 cases were an increase over 1943 when 79 were taken by death, six of which occurred in government hospitals located in the county.

Mrs. French also noted that in 1944 approximately 204 new cases of the communicable diseases were reported to the county health department as compared with 112 new cases reported in 1943.

Approximately 102 cases were discharged from the Riverside county hospital at Arlington in 1944 for various reasons.

Of the 102 cases diagnosed upon entrance to the hospital, 57 were in the advanced stage, 33 in the moderate stage and 12 were in the minimal stage of tuberculosis, Mrs. French's report indicated.

Mrs. French also reported Christmas seals sale from December to March 31 totaled \$22,546. This was a 15 per cent gain over sales recorded for 1944, she said.

George Strebe, owner of the Zanzibar cafe, who recently went into the service, was in town this week on a 12-day leave.

Portrait of the Week

By BERNARD
of Hollywood

Shirley Vee Hedrick, daughter of Mr. and Mrs. Benjamin C. Hedrick, and a winter resident of the Village, is this week's candidate for the Portrait of the Season. . . . She is busy here aiding the Palm Springs Red Cross branch and is a member of the Motor Corps. . . . Her favorite sport is horse-back riding. . . . A graduate of Holmby College, Bel-Air, she attended U.S.C. and the Art Center in Los Angeles. . . . Art is one of her hobbies. . . . Her parents own the Northview ranch at Santa Paula.

Mrs. Carl Phillips Guests of Parents

Mrs. Carl Phillips, daughter-in-law of Congressman and Mrs. John Phillips spent the Easter week-end here with her parents, Mr. and Mrs. James Newton Lott, at the Lorenzo apartments.

She returned early this week to Luke Field, Phoenix, Arizona, where the congressman's son, Lt. Carl Phillips, is stationed.

Old Home-Town Topic At Danzinger's Lido

The old home town was the topic when Ben Cohen and his partner, Morton Miller, were Village visitors last week.

Both being from Cleveland, they dropped in on Louis Danzinger of the Lido, also from Cleveland, and gave him all of the latest inside news of the city by the lake.

Legionnaires Hear Story of Alaska By Shorty Knupp

Charles V. (Shorty) Knupp, past commander of the Owen B. Coffman post, American Legion, in town on a furlough after many months in the Aleutians, was the principal speaker at Tuesday night's meeting of the local post.

It was an informal meeting as many of the legionnaires were at other meetings that night and Harold Lienau presided and kept things humming.

Shorty Knupp told of his experiences in the Alaskan area and brought back many pictures which were shown the group.

Records Broken At Child Health Conference Here

Records were set at last week's meeting of the Child Health conference at the Health Center, East Amado road, Mrs. Madge Holderman, public health nurse, said.

There were 83 babies brought to the clinic for examination and check-up by Dr. Mildred Van Cleve, county pediatrician, and Mrs. Holderman.

The child health conferences will be held three times more this year, on April 24, May 29 and June 26.

There will be none during July and August.

Miss Kerner Back in Village

Blanch Rose Kerner, well known local music teacher, who left the Village last May, has returned to make her home here permanently. Miss Kerner first came to the Village in 1926 and has made her home here most of the time since.

In the past year she has been teaching in nursery schools in Los Angeles and San Bernardino and is much interested in the proposed nursery school here.

She also plans to re-open her music studio here as soon as she finds a suitable location.

It is the UNANIMOUS DECISION of THIS JURY that:

"A SONG TO REMEMBER is the most thrillingly different picture we've ever seen . . . a glorious new standard in motion picture entertainment."
